

## DOCUMENT OFFPRINT SERVICE

### DESCRIPTION OF SERVICE

LexisNexis provides offprints of documents from two of its CIS microfiche collections

- CIS Microfiche Library, covering publications of the United States Congress since 1970
- ASI Microfiche Library, covering statistical publications of the United States Government since the 1960s

Customers who have identified documents they wish to order using the LexisNexis print or online research tools described below, can order paper or silver halide microfiche offprints from these collections by referring to the LexisNexis document accession number. See the "Examples of Bibliographic Records," below.

Rush delivery is available to customers in the continental United States for paper offprint orders of up to 100 pages. Orders received by 1:00 p.m. (Eastern Time) will be shipped the same day via overnight delivery.

### COST

Documents cost \$0.35 per page for paper offprints and \$6.00 per unit for microfiche offprints.

A \$25.00 minimum will be charged on both fiche and paper orders. There are separate charges for shipping and handling.

Rush next-day service is available to U.S. customers on paper orders up to 100 pages. There is a fixed charge of \$125 for shipping and handling on rush orders.

Applicable sales taxes will be charged unless we have your tax-exempt certificate on file.

### PLACING AN ORDER

Orders must include (1) an Order Form and (2) a Document List. Both these forms can be downloaded from our website <http://www.lexisnexis.com/academic> (follow the links for "Document Offprint Service" under "CIS Publications"). Orders can be submitted via email, mail, or fax. Payment or credit card information must accompany orders, except in the case of customers that have been approved for invoicing.

Pricing will be automatically computed on the order forms.

## FINDING AIDS FOR DOCUMENTS

To place an offprint order, you must know its page count and its unique "CIS Number," both of which can be found in the abstract that is provided in the print and online services listed here.

SERVICE	COLLECTION
<b>Monthly and Annual Print Volumes</b>	
American Statistics Index	ASI
CIS/Index to Publications of the US Congress	CIS
<b>Academic Web Services</b>
