## EXPLANATION OF THE DECIMAL CLASSIFICATION SYSTEM

Class 762 records deal with the foreign policy of Germany and the political relations between Germany and other nations. Due to the State Department's arrangement of these records, countries assigned numbers below 62 will not be found in this file. However, University Publications of America has included the 711.62 class records dealing with the political relations between the United States of America and Germany. In order to find the political relations between Germany and countries other than the U.S. that have a lower number than 62, a researcher should check the class 7 records for that lower number. These records can be found either at the National Archives, Washington, D.C.; or for many countries UPA has already microfilmed those documents and made them available to libraries.

The State Department's numerical list of country numbers are reproduced on the following pages.
