

Compile Updates and Alerts Into One Daily E-Mail With LexisNexis® Total Alerts Powered by Ozmosys®

Deliver one streamlined, daily e-mail or intranet/portal entry that holds all your day's updates—CourtLink® Alerts and Tracks ... LexisNexis® Publisher updates ... Mealey's™ alerts. Add content from more than 2,000 Web alert offerings, including alerts from premium information providers, government Web sites, client sites and many more.

With LexisNexis® Total Alerts powered by Ozmosys®, each user in your organization can open a personalized e-mail, click on headlines of interest, and authenticate directly into the full-text sources. No multiple logons. Get daily morning updates and evenings wrap-ups. And click to update any selected topic—anytime during the day.

Count on Total Alerts as a powerful tool, and you'll also come to rely on it as a flexible resource. For example:

- *Get "On-the-Go" access via BlackBerry® handheld wireless or other wireless devices.*
- *Tap into global legal resources! Butterworth's content is available through Total Alerts!*
- *Distribute Google™ news alerts alongside your LexisNexis Publisher topics.*
- *Prefer RSS feeds to e-mail updates? OK. Even combine LexisNexis Publisher topics, Web alerts & RSS feeds together into one RSS feed.*

- *Need more than headlines? Total Alerts can deliver abstracts with your update headlines.*
- *And get Tax Notes Today® right at the top of the page. Unlike many alert systems, Total Alerts retrieves directly from the Tax Analysts, Inc. site, ensuring proper order.*
- *Use Total Alerts powered by Ozmosys to centrally manage and distribute Mealey's newsletters and/or CourtLink Alerts. Each user can receive just what they want ... delivered automatically.*
- *Also manage the challenge of seat-based subscriptions from BNA® and other seat-based subscription providers.*
- *Count on simple, effective monitoring. Total Alerts administrators can receive subscription reports to see who's receiving what, ensuring that your organization never pays for more subscriptions than it needs.*
