Overviews

A brief, yet comprehensive summary, written in plain English, providing background and/or a refresher on a topic or task relevant to your transactional practice.

Practical Guidance

Includes practice notes and checklists written by leading practicing attorneys, providing step-by-step, "how-to" guidance covering a given deal, task or topic from start to finish. Updates keep you informed on how other leading attorneys are evolving their practice.

Forms

Relevant forms and model documents, with context, drafting notes, alternative clauses and tips, all written and enhanced by our network of practicing attorneys. Lexis® Practice Advisor forms also do not include language reflecting specified terms negotiated between parties that may not be transparent or desired, and thus they provide a good starting point to help you draft documents more effectively.

Quickly access "on point" cases, codes and analytical materials that have been selected by leading practitioners for relevance to key topics.

Legal Analysis

Analytical materials from leading brands like Matthew Bender® selected by our leading practitioners because they are most relevant to the topic and transactional practice.

Cases

Key cases, related to the topic are included, with summaries highlighting the relevant aspects for attorneys who handle transactional matters and links to deeper research if needed.

Codes

Key codes and pending legislation, selected by our leading attorneys for their relevance to specific transactional law topics.

Emerging Issues

Articles, whitepapers and other resources, covering potentially important trends for you and your clients.
