SLA PartnerTalk: Are You Finding the Skeletons in Their Closet?

Wednesday, October 22, 1 – 2 P.M. ET

It seems like every day brings another company's nightmare to life. Locating reputational, financial distress, non-compliance and regulatory risks has grown from a nice idea to an absolute necessity for companies, financial institutions and supply management organizations. With your research and content competencies and skills, information professionals are a natural fit for conducting diligence research.

Join us to discuss the growing demand for diligence research and how information professionals can play a part. This session will cover:

- What diligence research is

- Why diligence research is relevant to you
- How information professionals play a strong role in diligence research
- How to conduct diligence research using Lexis Diligence™

LexisNexis is proud to work with information professionals in all disciplines and organizations, and is delighted to sponsor this Webinar.

Lexis Diligence™ Case Study

This case study shares how one industry-leading, energy company in the UK is using the LexisNexis® services for customer and partner monitoring to ensure compliance. LexisNexis understands how important due diligence is for organizations. It's not just supply chains at risk; it's reputations. We can help you quickly access critical news and information you need to:

- Screen against sanctions and watch lists including more than 1.4 million PEPs
- Evaluate potential risks based on on-the-ground media reports and in-depth country risk analysis
- Leverage Experian commercial credit data and risk scores to assess the financial health of your third parties
