

Lexis Advance®

DIFFERENCES THAT DELIVER BETTER RESULTS

Start to finish, Lexis Advance® embeds better timesaving tools to speed research. Here's how:

Before you even click Search ...

PHRASE SUGGEST TECHNOLOGY

Start typing in the Red Search Box. Immediately you get more suggestions—more legal phrases, concepts for your search, names and citations for cases and popular statutes than you'll find searching elsewhere. No need to know the exact phrase, name or citation. Lexis Advance features are smart to help you choose.

BROWSE TOPICS

Browse legal topics at Lexis Advance and the proprietary legal taxonomy finds cases, statutes and secondary materials—plus legal news, verdicts & settlements, dockets and more. Use a service without this capability, and chances are you'll need more time and more searches (and maybe more cost).

WESTLAW® CITE RECOGNITION

A Lexis Advance search recognizes Westlaw® cites. This feature alone eliminates the need to search multiple legal databases to retrieve cases. LexisNexis cites are not recognized on Thomson Reuters Westlaw™. Simply put: use Lexis Advance for all citation searching and cut out time spent toggling between applications.

Convenient mobile access? Of course.

Work anytime, anywhere. Lexis Advance automatically adapts to fit mobile devices. If you prefer Apple® iPhone® and iPad® apps, LexisNexis still offers—and continually enhances—Lexis Advance apps.

As you zero in on the right content ...

TIMELINE GRAPH

Exclusive to Lexis Advance, view a graphical timeline that depicts activity over time. You can visually identify time periods of interest to narrow your results. Results-refining options, like this one, means less time reviewing results.

NO FILTERING RESTRICTIONS

There are no filtering limits like other research services impose. Choose every available jurisdiction and practice area you want to view. That means one search can cover your needs. Save searches—and save time without sifting through irrelevant documents.

LEGAL ISSUE TRAIL™

Also exclusive to Lexis Advance, this patented feature helps you find case connections you can't see anywhere else. Select your issue in your case and retrieve other cases that cite to your case on that specific issue, finding relevant authority with ease.

After you sign off, Lexis Advance keeps working ...

ALERTS

Set Alerts on important legislation or regulation, bills, legal topics, news, publications, *Shepard's*® reports and more. Just click the Alert bell icon and make your update choices. Best of all, all Alert searches, email delivery, results lists and the in-plan documents you view, are part of your Lexis Advance subscription.
