

LexisNexis® PAIR Watch

Fail-proof patent application monitoring

Ongoing checks for a large number of patent applications made easy.

Now you can easily keep up with prosecution by letting the leader in intellectual property data monitor your patent applications. Whether you are monitoring one patent or your entire portfolio:

- + Simply specify the application numbers and the frequency of the watch
- + Let the PAIR Watch service track any patent application you wish—yours or another entity's
- + Receive email alerts that help you stay on top of office actions, amendments and other changes

PAIR Watch monitors the U.S. Patent and Trademark Office Public PAIR website and sends alerts regarding updates to the Image File Wrapper, Continuity Data or Transaction History.

Checks can be performed monthly, weekly or even daily. Affordable and convenient, PAIR Watch enables fail-proof enterprise-level monitoring capabilities.

Innovation Elevated
Serving you across the entire patent workflow
