PINPOINT PRECEDENT WITH PRECISION

Gain insights on current market practice and find deal precedents with Transactions Search powered by Intelligize®. Transactions Search enables Lexis Practice Advisor® users to search a comprehensive collection of agreements and related documents and filings. Transactions Search is updated daily, so you can be confident that you'll find the latest precedent, forms and clauses to guide your work.

Draft, Negotiate and Advise More Effectively

Gaining access to the latest market intelligence is critical to negotiating and structuring the best deals for your clients. With Transactions Search, you can:

- Simplify your workflow by easily locating and comparing transactions
- Analyze market and deal data based on deal points relevant to your clients' matters
- Get a head start in drafting your deal documents with fast and easy access to on-point, market-tested precedents
- Leverage market insights to enhance your negotiations, structuring of deals and client advice

Find Deal Data and Documents with Powerful Transactional Content Search Tools

MERGERS & ACQUISITIONS

An expansive database of M&A deals filed on EDGAR®, covering more than 15,000 transactions from 2008 to the present valued at \$1 million or more. Transactions are grouped by the operative agreement, related agreements and relevant SEC filings, providing a complete set of filings and documents for each deal. Easily search by target/acquirer name, transaction type, deal size, conditions and agreement-specific criteria such as representations and warranties and covenants. M&A is updated within 24 hours of a first filing's release date so you'll never miss the latest transactions.

REGISTERED OFFERINGS

Registered Offerings is a comprehensive source for all '33 Act and '34 Act offerings registered with the Securities and Exchange Commission (SEC) from 2010 to present. Deal-specific search filters help you quickly find registered debt and equity deals most relevant to you. Efficiently search for agreements with specific clauses, such as underwriting agreements with specific representations and warranties. You can also specify keywords that appear within those clauses. New offerings are available within 24 hours of the first filing's release date, making it easier to stay informed of new capital markets offerings.

EXEMPT OFFERINGS

This premier resource contains memos and international prospectuses for unregistered offerings under Rule 144A and Regulation S. Exempt Offerings provides access to documents that are unique to the Intelligize collection, giving you unmatched reach with your transactional research. Plus, you'll get more precise results with proprietary technology that enables full-text custom searching of private and foreign offering documents by company/issuer, security type, exemption used and many other filters.

AGREEMENTS AND OTHER EXHIBITS

Explore a vast collection of contracts and agreements culled from SEC filings. Agreements and Other Exhibits contains all exhibits to electronically released SEC filings from 1994 to present, including material agreements, press releases, subsidiary lists, articles of incorporation and by-laws. You can search for documents by exhibit number, title, type, and, for select agreements, agreement-specific filters. New agreements and other exhibits are added to the database as soon as they are publicly available on EDGAR, giving you complete coverage.
