

Highlights of 2017 Enhancements to the Lexis Advance® Service

Practice area and jurisdictional Practice Centers: Now more than 70 Practice Centers that offer just the sources you need for your specific practice.

Switch quickly to other solutions: Move from Lexis Advance to other, integrated solutions fast. Just click and select the graphic for the solution you want.

Negative news search: Quickly find negative news about people and businesses. No complicated search required. Even refine a person or business search to negative news.

English-language news search: Tap into all English-language news sources at once. Or search broadly and focus to English-language news stories in a flash.

Lexis Answers™: Enter a question or select a suggested question in the Red Search Box and get definitions, elements of a cause or action, standards of review, burdens of proof, legal doctrines and statutes of limitations.

Smarter, broader word wheel suggestions: Get better suggestions as you locate every case available at Lexis Advance. Just enter a party name.

View Lex Machina® Legal Analytics® graphics: Click a judge, attorney or law firm entity link in your full-text case and view charts summarizing that entity's litigation history.*

View the Reason for Shepard's Signal™: One click moves you from your full-text case to the citing language that had the strongest influence on the Shepard's Signal indicator.

Move faster among results in different content types— and in fewer clicks.

Key Words in Context (KWIC™) news delivery: Deliver news, legal news and trademark & copyright documents with just your search terms surrounded by a window of text for context.

Link from your full-text case to related Briefs, Pleadings, Motions and Dockets.

More Like This Headnote: See an on-point headnote? Click and get additional relevant headnotes.

Table of Contents search enhancements: Move even faster in your review of structured publications.

Treatise videos: Get extra insights from Wagstaffe treatise authors in video format—embedded in full-text treatises via Lexis Advance.

More state trial court orders: Now find 1.89M orders to help you gauge how courts will treat your issue.

Trademarks/copyrights: Search and access trademarks fully integrated on the Lexis Advance service.

Easier access to more international and foreign sources.

Lexis® for Microsoft® Office: Draft, review and research in one place—even faster—with Office 365® integration.

Mobile enhancements: Continuous improvements to iOS applications—including split view—and mobile website for better on-the-go access to Lexis Advance content.
