

# Meet legal requirements, while reducing costs

## LexisNexis® Legal Research Solutions for Prisons An Extensive Library of Legal Resources in a Single Solution

The Supreme Court's ruling in *BOUNDS v. SMITH*, 430 U.S. 817 (1977) requires that federal and state inmates are provided with meaningful access to the courts. For most facilities, this means maintaining a prison law library and providing inmates access to legal research material. Until now, the purchase and maintenance of these materials has been costly and time-consuming. LexisNexis now offers correctional customers a range of low-cost, easy-to-maintain, and tailored electronic solutions that provide inmates access to legal content and help facilities stay in compliance of this constitutional mandate. Each delivery system is preloaded with legal research materials that have been specifically designed for use in an institutional environment.

### Our Legal Research Solutions for Prisons offer a comprehensive collection of legal resources and include content such as:

- *Shepards* State and Federal Citations Service- Available exclusively from LexisNexis
- Federal and state cases, statutes, and court rules
- Leading analytical materials, including practice guides, legal treatises, and forms products - Available exclusively from LexisNexis!

### Regardless of the format you choose, you will receive the following benefits

#### **Security!**

Our solutions provide electronic access to an extensive library of legal materials that runs on the Folio® 4 search engine software. Because the solutions operate as a closed system and are completely offline, security risks related to Internet access by inmates is eliminated. Escort situations are also reduced due to system set up flexibility. Touch Sonic's kiosk hardware further minimizes security risks by using a steel-encased kiosk with shatterproof glass and a touch screen interface that eliminates the need for a mouse or keyboard.

#### **Compliance: Make sure your facility is in compliance with help from the leader in Legal Research Solutions for Prisons!**

Each electronic solution provides inmates access to an extensive library of legal content and helps facilities to stay in compliance by providing inmates access to legal research material. In many states it provides a sole source solution with all required materials available from a single-source vendor. Subscribers receive updates four times a year to ensure up-to-date content.

#### **Cost!**

Reduce costs commonly associated with maintaining a large print law library and eliminate the need for space to house large book collections. Know what your future costs will be with multi-year price option agreements. Capitalize on administrative savings by eliminating the need to file page replacements and supplements in your law books. Simply run the quick setup process with each product update, and it's ready to go. Our solutions provide a cost-effective, easy-to-use research and delivery system for comprehensive and current legal materials to assist correctional facilities in complying with access to court mandates.

#### **Inmate Complaints and Lawsuits!**

Reduce or eliminate the risk of costly prisoner litigation, and document inmate access and usage with our optional inmate login feature.

#### **LexisNexis® CD - Folio® 4 search engine software**

Each delivery system is preloaded with legal research materials that have been specifically designed to for use in an institutional environment. All solutions provide offline, electronic access to a complete library of legal materials that runs on Folio® 4 powerful and versatile search engine software.

# LexisNexis® Legal Research Solutions for Prisons

## Delivery Systems Include:

- **Touch Screen Kiosks (includes hardware)**
- **External Hard Drives (customer provided PC required)**
- **DVD (customer provided DVD drive required)**

## Touch Screen Kiosk Solution

A high security solution with a simplified interface that users with little or no computer experience will find easy to navigate. Hardware, software, legal content, monitoring, maintenance and service are all included for a low monthly payment and no up-front capital investment. Hardware lease and purchase options are available.

- The steel-encased kiosk includes shatterproof glass to minimize security risks, and the touch screen interface eliminates the need for a mouse or keyboard.
- Operates as a closed system, with no Internet connectivity.
- Overhead costs for book replacements, copiers, administration and litigation are drastically reduced.
- Training and a variety of user documentation for library staff and users are included with the system.
- Our broad kiosk product options vary to meet customer needs, including the touch screen kiosk unit (kiosk “server” unit included), monitor terminal system with touch screen keyboard and rollerball mouse, mobile touch screen unit, and standalone touch screen system (no server required).
- Lease and purchase options are also available.

## External Hard Drive (EHD) Solution

Each EHD system is preloaded with approved mandated legal research materials that have been specifically designed for use in an institutional environment. Requires only minutes to set up and install and generally requires limited IT staff involvement. External hard-drive format requires an available USB 2.0 PC port (or available USB 2.0 server port for network installations).

## DVD Solution

(customer provided DVD Drive required) DVD-Format: Drive Speed 4x or faster (16x or faster recommended)

Our DVD and EHD Solutions provide offline, electronic access to an extensive library of legal materials that runs on Folio® 4 search engine software. Because this solution is completely offline, there's no security risk related to inmates accessing the Internet.

## Installation

While installation of the EHDs and DVDs is straightforward, due to the wide variety of arrangements possible, installation and any associated costs remain with the client. Representatives of LexisNexis will be available for consulting (at no cost) by phone on any questions or required assistance associated with the installation.

## Need help deciding which solution meets your needs?

Whether you're a local jail with a limited budget or a maximum security facility with security concerns, a LexisNexis account representative can help you choose a solution that best fits your facility's needs. All our solutions provide a cost-effective means for providing inmates access to legal research materials. At the same time, users will often achieve thorough results faster than using books alone—a win-win situation for both of you.
