Cover the Jurisdictions and Topics You Need (Even Build a Case Digest)

Now you can research across multiple jurisdictions and multiple content types—all with one search through the lexis.com[®] service.

LexisNexis[®] Search by Topic or Headnote compiles a thorough overview on your legal topic, pinpoints relevant case annotations—and builds a case digest, including the latest U.S. and state decisions.

Covering more than 6,000 topics and subtopics, including today's emerging legal issues, Search by Topic or Headnote gives you so much more than a single treatise or academic treatment. Count on:

- more encyclopedic coverage and depth.
- more frequent updates. New materials are added weekly.
- more precision. Each section of analysis has been editorially associated to the relevant topics.
- more functionality. Navigate to specific results. Sort results to get different perspectives. Validate the authorities you choose.
