

Analyze large volumes of data easily and efficiently to help locate and identify individuals.

LexisNexis® understands the unique challenges faced by government agencies trying to locate and identify individuals. We also know that receiving accurate and actionable information in a timely and cost-effective manner is critical to doing your job. LexisNexis® Person Locator can assist your agency in evaluating large volumes of data more efficiently and effectively than ever before.

Acquire accurate contact information and reliable results

To minimize false positives and maximize the effectiveness and value of your batch results, LexisNexis not only employs industry best practices, but also leverages exclusive innovations for data cleansing and verification. Our procedures include standardization

and normalization of data that utilize over 100,000 rule sets for address hygiene, name matching and the identification of mis-keyed data and other anomalies. The result is data that is current, policy-compliant and immediately useful to you.

Government agencies can:

- Verify best addresses and phone numbers.
- Detect and prevent fraudulent and improper payments.
- Locate fugitives, suspects and witnesses.
- Locate beneficiaries.
- Locate debtors.
- Locate non-compliant, non-custodial parents.
- Minimize returned mail.
- Update and maintain the quality of internal databases.

Get the critical information you need—quickly and efficiently

Trust our industry-leading data security

LexisNexis is a trusted industry leader in data security and privacy, providing comprehensive, authoritative and reliable information for effective decision-making. When you work with LexisNexis, you can rest assured that your data is secure and is never shared.

Access comprehensive data

When it comes to choosing data sources, accuracy and currentness are critical. LexisNexis® Person Locator Batch Services draws from over 10,000 sources of public records to maintain a master identity repository that contains over 400 million unique domestic identities. That means when you're doing your job, you can leverage one of the largest collections of identifying information in the U.S. and greatly increase your chances of identifying and finding the correct individuals.

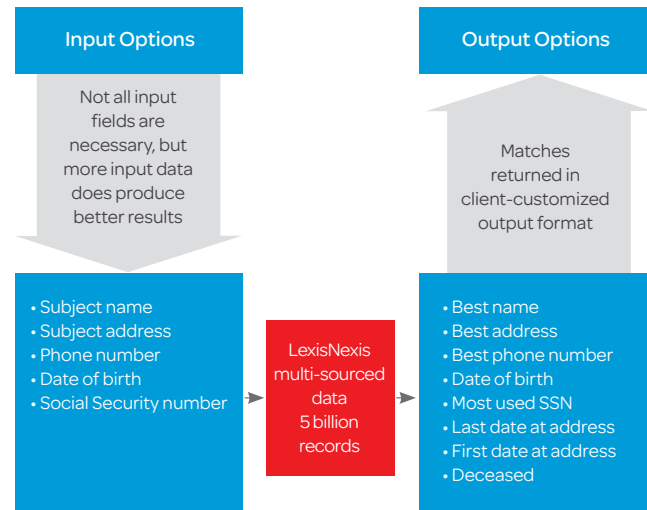

Save time and reduce effort

You need information fast. For government agencies, our standard turnaround time for practically any size batch is approximately 24 hours. For requests of 5,000 records or less, turnaround times are usually between one and two hours. Faster turnaround times from us translate into increased productivity for you and your staff.

Count on superior customer service

Providing the best data and comprehensive batch services offering is only part of it. LexisNexis is also fervently committed to providing prompt, friendly and useful customer service. Our experienced Batch Consultants can answer questions and offer suggestions on how to get the most out of your data files.

LexisNexis Person Locator Batch Process

If you know where they were previously, we can tell you where they are today.

Quantity, quality, accuracy and efficiency—we have brought them all together in a batch solution designed specifically for government agencies. Try out our Person Locator offering with a free batch trial and find out for yourself how simple and efficient it is.

Combining cutting-edge technology, unique data and advanced scoring analytics, we provide products and services that address evolving client needs in the risk sector while upholding the highest standards of security and privacy. LexisNexis Risk Solutions is part of Reed Elsevier, a leading publisher and information provider that serves customers in more than 100 countries with more than 30,000 employees worldwide.

Our government solutions assist law enforcement and government agencies with deriving insight from complex data sets, improving operational efficiencies, making timely and informed decisions to enhance investigations, increasing program integrity, and discovering and recovering revenue.

*Some restrictions may apply. The Person Locator services are not provided by "consumer reporting agencies," as that term is defined in the Fair Credit Reporting Act (15 U.S.C. § 1681, et seq.) ("FCRA") and do not constitute "consumer reports," as that term is defined in the FCRA. Accordingly, the Person Locator service may not be used in whole or in part as a factor in determining eligibility for credit, insurance, employment or another purpose in connection with which a consumer report may be used under the FCRA. Due to the nature of the origin of public record information, the public records and commercially available data sources used in reports may contain errors. Source data is sometimes reported or entered inaccurately, processed poorly or incorrectly, and is generally not free from defect. This product or service aggregates and reports data, as provided by the public records and commercially available data sources, and is not the source of the data, nor is it a comprehensive compilation of the data. Before relying on any data, it should be independently verified. LexisNexis and the Knowledge Burst logo are registered trademarks of Reed Elsevier Properties Inc., used under license.
