

LexisNexis™ *Company Dossier* at www.lexis.com

**Strengthen your company research with current,
comprehensive, and easy-to-use information about
more than 500,000 corporations—right at your fingertips.**

Timely information that's easy to find

It's no secret. You have limited human resources to compile the mountain of information your organization needs on companies—companies bidding, companies under investigation for criminal activity or civil liability, companies under your regulatory scrutiny, etc. LexisNexis Company Dossier offers you a powerful solution that saves time and valuable resources...and helps ensure your information bases are covered.

Simply type the name of a company, or its ticker symbol, and click **Find** to retrieve a company dossier. That's all there is to it!

On-point, relevant information saves you time

The information contained in one Company Dossier report requires the equivalent of about 63 searches using traditional search methods. You'll receive one targeted, clearly organized report with the information you need drawn from thousands of LexisNexis sources!

Available reports include:

- A **Company Snapshot** with “at-a-glance” analysis of current company information, including news and press releases
- Recent **news** articles sorted by top publications, by topic, or by region
- General **business** information, including competitor, product, and brand listings
- Current **financial** information
- Up-to-date **legal** information
- Recent **intellectual property** information

Company information customized the way you want it

Find information on a particular company or generate a list of available Company Dossiers based on criteria you set—industry, company size, or financial parameters like P/E ratio. It's easy to build a list of prospective bidders with common characteristics.

The screenshot shows the LexisNexis Company Dossier for Microsoft Corporation. The interface includes a search bar with 'Company Name' and 'or Ticker' fields, and a 'Find' button. Below the search bar, the company name 'Microsoft Corporation' is displayed along with its ticker 'MSFT' and website 'www.microsoft.com'. A 'Description' section lists the company's primary and secondary industries: 'Computer Software - Manufacturers (7372)', 'Computers - Manufacturers (3571)', and 'Computer Peripheral Manufacturers (3573)'. A 'Recent News' section features several articles, including 'Can Software Ever Appear?' from Business Week (September 13, 1999) and 'Microsoft to Define Desktop Class' from Computer Reseller News (September 13, 1999). The interface also includes a sidebar with navigation options like 'Company Dossier', 'By Top', 'By Type', 'By Region', 'Business Analysis', 'Financial Analysis', 'Legal Analysis', and 'Intellectual Property Analysis'.
