Fulfillment & Billing Updates for Juris®

Continuous improvement is an essential part of providing great customer support. On February 9, 2009, improvements will be made to the Juris fulfillment and billing systems resulting in changes that will affect payments, billing, and more. As a valued Juris customer, you have received a communication which clearly outlines the changes taking place. For more detailed information on the specific improvements planned, you can listen to the Juris Quarterly Customer Call Update (see next article) or call (877) 377-3740. Please note that beginning March 1, 2009, this number will change to (800) 833-9844 and press option 5.

Juris® Quarterly Customer Call Update

Did you miss the Juris Quarterly Customer Call on January 21 and 22? You can still get the latest Juris® news and product updates. Just contact your account representative at (877) 377-3740, Option 2, for the presentation and conference call playback directions. The date for our next call will be announced soon, so stay tuned.

Time Matters® Practice Management Software Webinar—The Power of the Power View

The Time Matters® 2009 Webinar series of 20 – 30 minute sessions starts this month with the Power of the Power View Webinar, focusing on the day-to-day use of the Power Views. Intended for beginning to intermediate users, this Webinar helps you learn how to use the Time Matters Power View to reduce keystrokes! We will explore the built-in Power Views and learn how to modify the look and feel of the Power View for a single user or for the firm. Filters, searching and printing is easy when you use the Power View. We will conclude with a discussion about the advanced uses of the Power View including the concepts of using an HTML editor to completely customize your program.

Register today:

[Tuesday, February 24—10:00 A.M. ET](#)

[Thursday, February 26—3:00 P.M. ET](#)

This Webinar will be led by Nancy Griffing, a LexisNexis Certified Independent Consultant, and President of Griffing Consultants, Inc. (dba [The Griffing Network](#)).
