**FDA Debarment Search**

LexisNexis will identify any individuals or companies with whom you would like to conduct business that are currently barred from the food, drug or cosmetic industries.

**DESCRIPTION**

The U.S. Food and Drug Administration issues a list via the Federal Register of individuals and companies barred from doing business in the drug, food, or cosmetic industries. LexisNexis Screening Solutions will search this list to ensure you remain in compliance with U.S. Food and Drug Administration SEC.301.[331].

In addition, this search will help drug companies remain in compliance for drug product certification as explained by the FDA:

Any application for approval of a drug product shall include -

1. a certification that the applicant did not and will not use in any capacity the services of any person debarred under subsection (a) or (b) in connection with such application, and

2. if such application is an abbreviated drug application, a list of all convictions, described in subsections (a) and (b) which occurred within the previous 5 years, of the applicant and affiliated persons responsible for the development or submission of such application.
