Accounting & Tax Law

2012 Catalog of Legal and Professional Resources

LexisNexis® eBooks
Trusted legal content the moment
you need it, right at your fingertips.

Access the legal content you trust most whenever you need it, without being tethered to your office or the Internet with LexisNexis® eBooks.

LexisNexis® eBooks give you yet another option to research legal issues your way. Our collection of eBook titles provides anytime, anywhere access to hundreds of authoritative titles from Matthew Bender®, Michie™, Mealey's™ and others.

Once downloaded you can bookmark it, highlight it, skim it, annotate in it, update it ... you name it. If you can do it with a printed book, you can do it with an eBook.

Portable: Download our eBooks to your laptop, e-reader, tablet device or smartphone for on-the-go reference.

Accessible: Gain access to legal texts with a click of a button, whether you have Internet access or not. To streamline your research from larger volume sets, core volumes with the most essential information are also being converted.

Cost Efficient: Call today to learn how eBooks can reduce annual update costs while eliminating storage and distribution of print publications.

As an accounting, finance or tax professional you need to anticipate problems before they arise and be prepared to address legal matters quickly when they do. You need to research tax issues and controversies, develop tax strategies, draft documents and monitor tax trends. Turn to our expert analysis and authoritative content—in many cases exclusive—to help you build the foundation required for your ever-changing research and analytical needs.

- Seek out tax advantages and avoid pitfalls with *Rhoades & Langer, U.S. International Taxation and Tax Treaties*. Comprehensive and current, this publication will answer all your international business and investment tax questions.
- Designed to help multinationals cope with the U.S. transfer pricing rules and procedures, receive authoritative analysis of issues with the *Practical Guide to U.S. Transfer Pricing*, one of the hottest topics in international tax today.
- Understand often-complex retirement arrangements, such as deferred compensation, 401(k) plans, cash balance and hybrid plans, as well as the ramifications of each for clients with *Bender's Federal Income Taxation of Retirement Plans*, complete with practical, insightful advice from noted experts, with clearly explained examples and Practice Tips.
- Authored by top practitioners from the legal, accounting, corporate, government and academic professions, *Bender's State Taxation: Principles and Practice* offers full insight into the principles governing state tax law, compliance and planning.
- Replete with dozens of hypothetical examples and caveats, *Federal Taxes Affecting Real Estate* thoroughly examines the federal tax ramifications of real estate transactions, providing legal forms and agreements for use in handling these types of transactions, along with practice checklists.

The fast-growing collection of LexisNexis® eBooks is ready to support you, 24/7—from your laptop, smartphone, e-reader or tablet. In the LexisNexis® tradition, our titles are authored by leading attorneys and experts. Gain flexible access to trusted, updated LexisNexis content anywhere—in court, at depositions, association meetings, even on a plane—without being tethered to the Internet. It's the content you need, in a format that fits your research style. Titles available in eBook format are noted by an eISBN.

Review the wide range of titles from LexisNexis that can help you successfully navigate today's challenging situations from multi-state tax issues to complicated international transfer pricing.

Accounting Law

Accounting for Banks

James M. Koltveit, original author; revisions by Donald Resseguie

If you're looking for guidance through the complex and numerous accounting rules unique to banks and financial institutions, this one-stop reference puts all the comprehensive analysis you need at your fingertips. It explains how to analyze a bank's financial position and operations using its financial statements; illustrates alternative bank financial statement presentations; provides a working knowledge of bank operations and internal accounting controls; details bank audit objectives and procedures; and demonstrates applications of internal accounting controls and accounting and reporting principles to banks' cash, investment securities, trading account securities, loans, property and equipment, and a host of other assets. Finally, it includes a variety of examples, illustrations and other valuable practice aids for the special situations that you may encounter.

Taxation Law

TAXATION OF BUSINESS ENTITIES

Federal Income Taxation of Corporations Filing Consolidated Returns

Andrew J. Dubroff, Jerred G. Blanchard Jr., Marc A. Countryman,
 Steven B. Teplinsky

It's an invaluable tax planning guide and procedural manual. With it, you get virtually everything you need to know about this important area of tax law. It includes text of pertinent revenue rulings and procedures, IRS private letter rulings and general counsel memoranda.

You'll benefit from detailed textual analysis covering the affiliated group, intercompany transactions, capital gains and losses, net operating losses, earnings and profits, special limitations on certain deductions, intercompany distributions, excess loss accounts, investments in affiliates, methods of accounting, special inventory adjustments, specialized industries and much more.

S PRINT • 4 volumes, loose-leaf, updated twice per year, Pub. #00227, ISBN 9780820512273
 CD-ROM • Single user, Pub. #00860, ISBN 9780820526492

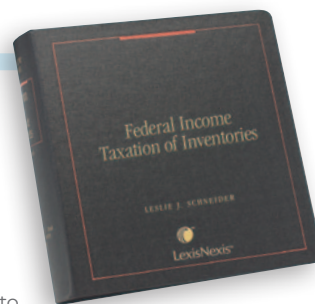

Cited by the U.S. Supreme Court and the U.S. Courts of Appeals for the First and Federal Circuits as well as cited six times by the U.S. Tax Court, and more than 23 times by the IRS.

Federal Income Taxation of Inventories

Leslie J. Schneider

This practical tax-planning publication covers virtually every aspect of inventory taxation—from what can be included in inventory for tax purposes to complex tax and accounting problems, including valuation of goods, the uniform capitalization rules, LIFO inventories, and problems of specialized industries such as farming, retailing and securities dealing. It provides practical tax-planning suggestions based on personal insight the author gained from his former employment as the principal draftsman of many of the tax regulations and rulings that are discussed in the text. You'll get analytical treatise chapters; numerous computational examples, case histories and tax planning strategies; and hard-to-find primary source material, such as IRS private letter rulings, general counsel memoranda and revenue rulings and procedures.

Fundamentals of Special Needs Trusts

Stuart D. Zimring, Rebecca C. Morgan, Bradley J. Frigon, Craig C. Reaves

Special needs trusts may be effective tools for preserving the assets of a senior or a person with a disability, thereby improving the person's quality of life while not interfering with the person's eligibility for various governmental programs. This guide places special needs trusts in the arsenal of tools available to an attorney to help his senior clients and those who have disabilities. It helps the practitioner to understand how she can draft a trust, using the person's own funds or the funds of another, to provide goods and services for those clients that will enhance their everyday existence.

Modern Estate Planning, Second Edition

J. Martin Burke, Michael K. Friel, Elaine Gagliardi

Provides estate planning guidance for 2011 and beyond. Loaded with great practice features like client questionnaires, sample forms and agreements, drafting checklists, estate planning strategies and tips, hypothetical examples and filled-in model estate, gift and fiduciary income tax returns.

Topics include:

- Federal estate, gift and GST taxes
- Deductions, exclusions and credits
- Marital deduction
- Income taxation of trusts and estates
- Valuation
- Grantor and nongrantor trusts
- State tax issues (including a state-by-state summary of local inheritance or estate taxes)
- Charitable transfers
- Life insurance and annuities
- Planning for closely held companies
- Estate administration

Cited by U.S. Court of Appeals, U.S. Tax Court, Wisconsin Supreme Court, and Surrogate's Court of the State of New York.

Planning for Large Estates

Stephanie G. Rapkin

This resource focuses on demanding estate planning challenges associated with very high-net-worth individuals. Providing step-by-step guidance, this volume offers practical suggestions coupled with comprehensive coverage of income, estate and gift tax analysis and all the necessary forms. Topics examined: IRC Sections 2701 through 2704; QPRTs, GRATs and GRUTs; SCINs; intra-family gifts and charitable giving techniques; corporate recapitalizations; family partnerships; valuation and much more.

Valuation Handbook

Joni Larson

Accurate valuation is an absolute prerequisite for any transfer of assets. It provides a buyer and seller with a good starting place to negotiate the terms of a sale. And in an estate setting, accurate valuation is vital when computing federal and state death tax liabilities. But arriving at valuations that are acceptable to all parties can be quite difficult, particularly where the asset is, for example, an ownership share in a closely held company. This treatise meets this need by providing a guide to valuation that is comprehensive, up-to-the-minute, and authoritative.

Back issues available separately.

Federal Tax Guidebook

Alan J. Prigal, original author; revisions by Mary Howley

Though intended for those who don't practice tax law, this can also be a handy desk reference for tax lawyers. It summarizes and explains the basic rules of federal income, estate, and gift tax, including tax procedure, using a transactional approach—clarifying the tax implications of day-to-day business transactions handled by law firms (incorporating a business, drafting a lease, writing a will, etc.).

S PRINT • 2 volumes, loose-leaf, updated twice per year, Pub. #00589, ISBN 9780820515892

STATE AND LOCAL TAX

Bender's State Taxation: Principles and Practice*Charles Swenson, General Editor; Robert J. Desiderio, update author*

Gain insight into state tax-planning opportunities and pitfalls with this resource that thoroughly identifies, explains and examines state tax issues of concern to single-state and multistate taxpayers and their advisors. From federal and state constitutional limitations to local taxes, it provides practical, insightful discussion and analysis on the often detailed and always complex principles governing state tax compliance and planning. Focusing on issues relevant to today's state tax practice rather than on historical background, it helps you understand the current state of the law.

Written by SALT practitioners, the treatise avoids legalese and an overly academic approach, maintaining a practice-oriented focus, complete with practice tips drawn from the authors' experiences. Examples, checklists, charts and tables expedite research at every step.

TAX INSTITUTES & JOURNALS

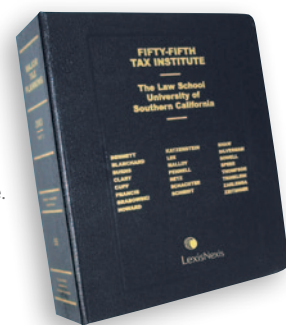

Major Tax Planning: University of Southern California Law School Annual Institute on Federal Taxation

Numerous contributing authors

Each January, leading authorities on federal taxation—a distinguished group of lawyers, scholars, government officials and accountants—meet in Los Angeles and offer presentations on the hottest issues to their fellow practitioners. The speakers then develop their presentations into law review-quality articles, which are published in this volume. Though scholarly, the articles are also very practical, laden with examples, tax-planning tips and commentary, covering strategies for individuals, corporations, partnerships, estates and trusts, real estate, S corporations and foreign transactions. Includes a complete index and tables of cases, statutes, regulations and rulings.

NS PRINT • 1 volume, loose-leaf, new articles annually, Pub. #00750, ISBN 9781422490280
eBOOK • eISBN 9781579111403

Cited by U.S. Courts of Appeals.

New York University Institute on Federal Taxation

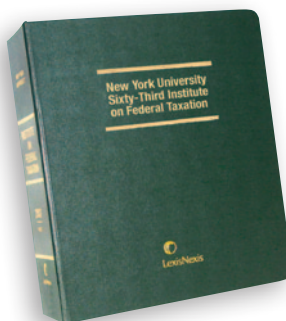

Numerous contributing authors

Each October the biggest names in tax gather in New York City and offer presentations on hot, cutting-edge issues to their fellow practitioners. The speakers then develop their presentations into law review-quality articles, which are published in these two volumes. Topics covered include individual and corporate tax planning, partnerships and real estate, charitable organizations, international tax planning, executive compensation and employee benefits, estate and gift tax planning, elder law, tax accounting, tax penalties, ethics, tax practice and procedure, personal and family tax planning, and closely held businesses (like S corporations). Though scholarly, the articles are also very practical, laden with examples, tax-planning tips and commentary. Each annual contains its own index, table of revenue rulings, Code section reference table and table of Treasury regulations.

Tax Solutions

With an exclusive combination of more than 300 important tax sources, LexisNexis provides a current and comprehensive online tax offering on a single, easy-to-use interface: **LexisNexis® Tax Center**.

LexisNexis Tax Center is an easy-to-use *tax-specific interface* that helps you provide the most complete and accurate tax advice to your clients by streamlining your tax research to ensure you don't miss critical information and can stay on top of new tax legislation, cases, regulations and administrative releases.

- **LexisNexis® Tax Advisor—Federal Code Reporter:** a modern code-based reporter that provides the quickest access to the most comprehensive collection of IRC-related material available. This exclusive offering provides one-click connections to IRC section and sub-section-specific regulations, administrative releases, cases, explanations, annotations, news updates and recent primary law developments, legislative history, and analytical content from other leading publishers including BNA and Tax Analysts.
- **LexisNexis® Tax Advisor—Federal Topical:** a proprietary comprehensive tax encyclopedia, with expert analysis on all major areas of federal tax law, supported by practical tips and examples.
- The only tax research platform that offers **Tax Notes Today®** news and analysis—the most respected tax news publisher providing deep federal, state and international coverage and analysis.
- Exclusive access to **LexisNexis® Practice Insights**. Written by leading state and local tax experts, it is the only place to get code-specific practical guidance on top state tax issues in all 50 states and Washington, D.C.
- Provides easy access to more than **10,000 official federal, state and local tax forms** with features such as automatic data transfer, auto-calculation and more.

The following exclusive resources are available online at *lexis.com*® and at the LexisNexis Tax Center. To get to LexisNexis Tax Center, *lexis.com* subscribers can simply sign in to their account, click the Transactional Advisor tab and then click "Tax." Or click either the Taxation tab or the Legal tab, then click Taxation under Area of Law – by Topic, where you'll see the "Click to launch LexisNexis Tax Center" link.

LexisNexis Internal Revenue Code Explanations

LexisNexis Internal Revenue Code Explanations provides analysis for over 1,500 of the most popular Code sections at the subsection level. The vast majority of the explanations are written by leading Matthew Bender treatise authors and break down even the most complex statutory language into easily understood concepts using numerous examples, tables and practice tips. More lengthy explanations contain a synopsis with bidirectional links to section headers to allow the user to quickly jump to the pertinent section. In addition, the explanations contain bidirectional endnotes, thereby allowing the user to maneuver between the text and the endnotes with absolute ease.

Available online at *lexis.com* and LexisNexis Tax Center as **LexisNexis IRC (Internal Revenue Code) Explanations**, Pub. #01423

LexisNexis® State Tax Practice Insights

LexisNexis State Tax Practice Insights brings real-world application and analysis to complex state tax problems. Authored by respected and experienced state tax practitioners, **LexisNexis State Tax Practice Insights** provide practice and planning strategies, lessons and illustrative case examples, perspectives on issues that have divided courts, techniques for avoiding penalties and maximizing refunds, and practice pointers for handling administrative and judicial proceedings in connection with tax issues at the state level.

Available online at *lexis.com* and LexisNexis Tax Center as **LexisNexis Practice Insights by State** or **LexisNexis Practice Insights by Topic**, Pub. #01424

LexisNexis Tax Advisor—Federal Code Reporter

For a complete and current picture of federal tax law, turn to **LexisNexis Tax Advisor—Federal Code Reporter**. Offering a unique approach to code-based tax research in a single, unified, and easy-to-use online system, Tax Advisor—Federal Code Reporter is the only code-based tax research system that enables you to do all this:

- **Enhance your understanding of federal tax law.** Access regulations, administrative releases and cases as well as explanatory materials and interpretive documents from leading publishers, including LexisNexis, Tax Analysts, Matthew Bender and ABA Section of Tax.
- **Gain insight on 1500+ IRC sections.** Topic coverage includes all major areas of federal tax law, including gross income & exclusions, compensation/benefits, retirement plans, deductions & credits, property transactions, securities transactions, tax accounting, financial instruments, employment, estate & gift, international, natural resources, environmental, and many more.
- **Obtain expert opinions and analysis.** Gain practical perspectives from the collective wisdom of more than 140 tax practitioners and professors, and be assured that you have the most current legal and news information available. Plus, only **Tax Advisor—Federal Code Reporter** includes information on authors in the explanation bylines and links to authors' related works.
- **Depend on trusted validation with exclusive Shepard's® Citations Service and Shepard's Signal™ indicators.** Easily validate any tax case, IRC section, Treasury Regulation plus IRS administrative rulings with *Shepard's*, the premier citations service—only on LexisNexis.
- **Move seamlessly between code sections and relevant documents.** **Tax Advisor—Federal Code's** left navigation pane provides easy access to all relevant documents simultaneously, without losing your place in the code section you are viewing. In addition, the Recent Developments link allows you to update your search results with recent primary law and section-specific news at any time.

Available online at LexisNexis Tax Center.

LexisNexis Tax Advisor—Federal Topical

Only **LexisNexis Tax Advisor—Federal Topical** gives you a combination of expert analysis, validation from *Shepard's*, an entire tax research library at your fingertips, a comprehensive and searchable index, and award-winning research support.

- **An entire tax research library captured in a single product**—At your fingertips, 36 volumes containing 494 chapters providing researchers wide scope and deep assessment of critical topics.
- **Written by a team of more than 140 tax experts nationwide**—A network of leading tax attorneys and CPAs from national, large and small law firms, corporations and accounting firms, plus leading tax professors from America's top law schools.
- **Thousands of practical examples and tips throughout:**
 - **Practice Tips** will help you avoid the pitfalls of tax practice, while arming you with clever tax-planning strategies and timesaving tips
 - **Examples** illustrate how rules and calculations set forth in the Code & Regulations operate in realistic hypothetical settings
 - **Checklists** summarize what you must remember to do in order to competently handle tax matters, e.g., how to prep a client for an IRS audit
- **At-a-glance validation with indicators that warn of potential adverse rulings**—*Shepard's* daily coverage of IRS rulings and tax decisions helps ensure your researchers' output is always in line with the most recent authority.
- **Comprehensive index**—Move quickly and easily to a specific topic from "ABANDONMENT" to "ZONING." Our meticulous subject matter index was created by experts who analyzed and classified every sentence in all 36 volumes—more than 75,000 links to chapter sections and over 8,200 cross references to preferred and synonymous terms.
- **Enhanced electronic Table of Contents**—It is easy to search the table of contents to pinpoint relevant sections and then link directly to the full text of relevant sections, which is particularly effective when you're exploring topics that may be covered in many chapters or sections.

Available online at *lexis.com* and LexisNexis Tax Center, Pub. #01407
