The screenshot shows the LexisNexis Verdict & Settlement Analyzer web application. At the top, there is a dark navigation bar with the LexisNexis logo and the text 'LexisNexis® Verdict & Settlement Analyzer'. To the right of the navigation bar are links for 'Client: None', 'History', and 'More'. The main content area has a light gray background with the title 'Verdict & Settlement Analyzer' centered. Below the title is a search bar with the placeholder text 'Enter issues or topics'. To the right of the search bar are buttons for 'Filters' and 'Search'. Below the search bar is a box titled 'About Verdict & Settlement Analyzer' containing the text: 'Verdict & Settlement Analyzer will search the Jury Verdicts and Settlements content from 1990 to present, to find and examine cases similar to yours.' At the bottom of the page is a footer with the LexisNexis logo, links for 'About LexisNexis', 'Privacy Policy', and 'Terms & Conditions', and the copyright notice 'Copyright 2013 LexisNexis'.

# Now LexisNexis Verdict & Settlement Analyzer is even better.

## Simple, flexible search.

Tap into more than 1.1 million verdict and settlement records easily with a tool that allows you to harness insights from similar cases and jurisdictions from a single, aggregated source. Start early case assessment with LexisNexis Verdict & Settlement Analyzer first for comprehensive and efficient research.

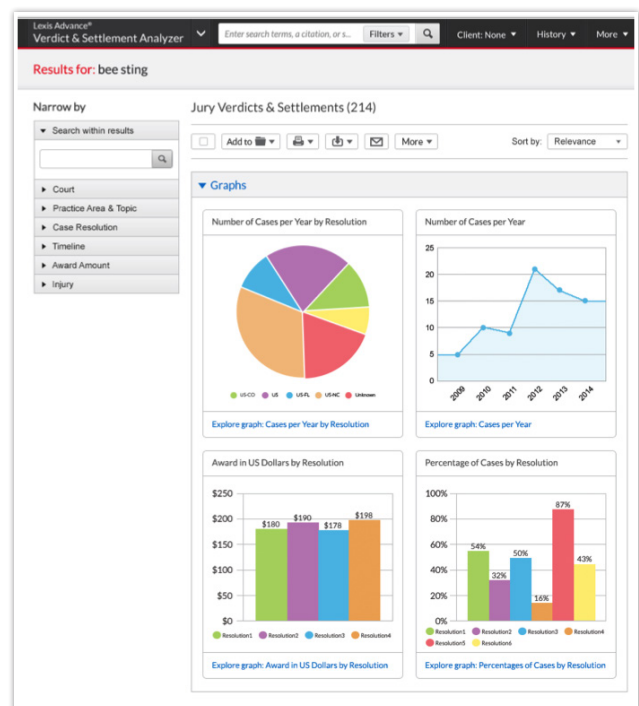

## Get only the data you need.

Advanced analytics make it easy to work with your data the way you want to. Begin with convenient pre-search filters, or start broadly and then apply various filters to zero in on the most relevant results. Either method helps you focus on what's important without sacrificing thoroughness from the start.

## Pinpoint what matters.

Interactive analytical reports feature charts and graphics that quickly reveal resolution trends and spikes, but show more details when you hover over them. Access the most relevant information to your case by filtering by year, award amount, resolution type or other variables. Also, each time a variable is changed, the graphs are redrawn and your cite list is updated.

## Your favorite search tasks, simplified.

Intuitive icons make it easier to print, download or email documents. Also, highlight, annotate or copy portions of documents with just a few clicks. And with online folders and 90-day search history, you can cover more ground faster, and more easily.
