Enhanced Comprehensive Business Report

Released at the beginning of May, the new and improved Comprehensive Business Report provides better access to the extensive collection of public records in LexisNexis® for Development Professionals.

Benefits of the Report enhancements include:

- Improved business search results through better business linking, precision and recall.
- Updates to the SmartLinX® Business Report, making it easier to read and interact with.

The Comprehensive Business Report provides reports for businesses and other organizations. Analytically generated

from select public records from all 50 states on all entities, Reports are done to rigorous quality and consistency standards. Reports contain categories of descriptive information about that organization, including assets, addresses, associates, lien, bankruptcy and other information. They also contain hypertext links to the original source documents used to compile the Summary Report, as well as links to associated people, businesses and locations.

Access the Comprehensive Business Report feature through the **All Public Records** tab.
