

Lexis Advance™

Minimum System Requirements

Processor

- **PC:** Pentium/233Mhz (or above)
- **Mac:** Power PC G3 (or above)

RAM

- 28 MB (256 MB or higher recommended)
Tip: If you generally run multiple applications or browser windows simultaneously, this will affect memory and overall performance so higher RAM is recommended.

Modem

- Modem speed: 56K or above (ISDN, ADSL or cable modem recommended)
Tip: If your ISP does not provide this modem speed, you may connect using the LexisNexis Internet Dialer, provided to LexisNexis customers free of charge.
For more information, call Customer Support at 1-888-539-4722.

LAN Connection

- A TCP/IP connection of suitable speed with Internet access
Note: LAN firewalls, proxy servers, and network administration software including virus scanners, other traffic on the network, etc., may impact performance.

Supported Browsers

- Note:** You may have to disable your browser's pop-up blocker in order to use some features.
Tip: For fastest performance, enable the HTTP 1.1 protocols in your browser's advanced settings.
