Search

Search with “terms & connectors”

Just enter your words and connectors in the red search box, e.g., *same sex! W/10 marriage*, and select the **red magnifying glass Search** button. Lexis Advance automatically interprets search commands such as ! and * to truncate words and W/n, OR, AND, &, etc. For help selecting connectors, select **Advance Search Forms** above the red search box.

Please note: Lexis Advance ignores certain “noise words” in your **query** but counts these noise words when **determining the proximity of terms** in a document. So, broaden your proximity connectors. For example, consider searching W/10 instead of W/5. For W/p and W/s, consider W/75 or W/25, respectively.

Note: Only the AND and & connectors work in Lexis® Web.

Search a specific source

If you know the source: Enter a partial **title** in the red search box, which makes source suggestions. Select to add your title to a search. Select **Get Documents** to retrieve available source documents. Select **Table of Contents** to view a source’s TOC.

You can also browse and search sources:

1. Select **Browse** in the black Lexis Advance header and select **Sources**.
2. Select **All Sources**. The screen above displays.
3. Enter a partial title in the Sources search box. (Or browse titles alphabetically, by content types, jurisdictions, etc.)
4. Select a **title link**. Actions display. You can **Add to filters** to add the source to your search or **Get Documents** to retrieve all available source documents. Also create a **Publication Alert** for many sources. To get source details, such as update schedule, select the ⓘ icon. To select all sources on the Browse Sources screen, click the **Add All These as Search Filters** button.

Combine sources/search favorite sources

To combine sources:

1. Enter a **partial source** name in the red search box. The word wheel will make suggestions. **Select a source**.
2. Repeat to add more sources to your search. The source combination is saved automatically in **Recent & Favorites**.

View recent searches and **create Favorites**:

- Select the **Filters** pull-down menu in the red search box and select **Recent & Favorites**.
- View recently searched sources, combinations, legal topics and pre-search filters.
- **To create a Favorite:** Select the star next to the title. Once a Favorite, the item remains in your Recent & Favorites list and Favorites pod.

Favorites can include sources, source combinations, legal topics and prefilters. The Favorites pod displays on the Lexis Advance home page for quick access.

Follow screen instructions to choose document type and formatting, delivery method, etc.

Find a full-text case by name

The Lexis Advance red search box suggests the names and citations of **top-cited cases** and many **U.S. Public Laws** and **popular state laws**. If you begin to enter party names or a statute name, the search box will make suggestions automatically, e.g., ENTER: *roe v wade*.

Choose a narrower or expanded result set when you enter party names. A more narrow, default option returns cases that find plaintiff and defendant names. Click **Actions** on your results screen, (not shown) and select **Expanded Results** to view cases with plaintiff or defendant names as well as exact matches with the party names reversed.
