

# LexisNexis® Contractor Screening

Don't settle for second best.  
Hold contractors to the same standards as employees.

## When your brand name is on the line, you want to work with contractors that help promote your success.

Often, it's their employees—the individuals they hire to service your customers—who end up being the face of your organization. Knowing the backgrounds of these people can protect the integrity of your business and the safety of your customers.

## With LexisNexis® Contractor Screening you can:

### Feel more confident about who is representing your organization

Now you can assure your valued customers that they will receive the best service from reliable, qualified and secure individuals by vetting your vendors and contractors with our LexisNexis Contractor Screening service.

## Get the results without the work

It's easy for you—your contractors and vendors do all the work. They simply access the user-friendly LexisNexis Contractor Screening portal, a self-service background screening website, and enter their information leaving you more time to make better decisions on the data we return.

## Simplify program management to make faster staffing choices

Your organization “sponsors” the contractor. As the sponsor, you can easily manage your program in real time with the convenient ability to:

- Choose components of screening packages that will be ordered.
- View business screening reports and approve registered vendors.
- Obtain management reports to measure contractor compliance.

- Review which individuals have had background checks performed on them.
- Require vendors and contractors to recredential their employees to ensure ongoing compliance.

### Strengthen your due diligence

Promote enhanced compliance with industry guidelines and internal policies by ensuring that all individuals working on your behalf are adequately screened.

### A best-in-class program

Contractor screening is a best practice across most industries. It can differentiate your organization, strengthen your brand and help you:

- Boost revenue through increased productivity.
- Reduce your liability.
- Streamline processes by managing your vendors from a single source.
- Attract high-quality employees who want to work for an admired company.
- Strengthen your relationships with your vendors and contractors.

### A suite of background screening services

- Verifications: Social Security number, employment, education, professional license, reference checks, etc.
- Motor vehicle reports
- Global screening services
- Esteem® Workplace Theft and Fraud Exchange
- Professional sanction searches
- Specialized industry-based services
- And more

### LexisNexis Contractor Screening Portal

- **Bring your brand front of mind:** Customize and brand the screening site to include your logo, related organizational information and a unique “Information” menu that contains hyperlinks to websites that you predefine.
- **Make faster decisions with adjudication and security clearance:** Create a truly unique program by:
  - Applying your adjudication (scoring) guidelines to results to ensure compliance and consistency.
  - Easily integrating contractor security clearance or “badging” into the screening process.
  - Establishing an expiration period for background checks.
- **Enjoy a pay-as-you-order process:** Aside from a small, one-time setup fee, payment is made at the time an order is submitted, making this a cost-effective and manageable solution.
