Now litigators can use the new *Shepard's* Brief Suite tools to check and verify information in legal documents — completing tasks more quickly and efficiently than ever before.

[Shepard's Brief Suite](#) combines citation and quotation verification, style-checking, and even table creation into one, easy-to-access toolbar for use with word-processed or Web documents. With the click of a toolbar button, you can:

- Uncover potential trouble spots as you draft — *Shepard's* Link™
- Match your work to *Bluebook* standards — *Shepard's*[®] StyleCheck™
- Verify citations and quotations in one step — *Shepard's*[®] BriefCheck™
- Create a table of authorities cited in a brief — *Shepard's*[®] FullAuthority[®]

***Shepard's* Link (formerly known as LEXLink™)** copies a brief or memorandum and pinpoints its citations — case law, law reviews, statutes, rules, regulations and more. It then adds *Shepard's* Signal™ indicators plus links to the full-text documents and to the full-text *Shepard's* reports. Perfect for drafting, *Shepard's* Link even allows you to block text sections and to add links as you browse through a series of clicked selections.

To add links to the word-processing document or Web document you are viewing:

1. Click the *Shepard's* Link button (the first button on the suite toolbar).
2. Click OK.
3. Browse the *Shepard's* Signal indicators for cites worth checking.

***Shepard's* StyleCheck (formerly known as CiteRite®)** checks style against *The Bluebook: A Uniform System of Citation* (18th Edition), published by the Harvard Law Review Association, or *The California Style Manual*. Producing an error-free report, *Shepard's* StyleCheck tool highlights each error found, providing a clear and comprehensive error message. StyleCheck even cross-references the exact *Bluebook* rule.

Default style-checking options are pre-set, though you can customize options, for example, to fit specific jurisdictional styles.

To submit the brief you are viewing to *Shepard's* StyleCheck tool:

1. Click the *Shepard's* StyleCheck button.
2. Click OK.
3. View your error report. Be sure to save the report if you wish to view it again.
