LexisNexis®

ACCC Analyser

Uncover new insights.
Get the edge.

ACCC Analyser is the latest subscription solution in the expanding Lexis® Legal Analytics suite of products. Integrated with our legal research platform, Lexis Advance®, and powered by our industry-acclaimed case citator, CaseBase® Case Citator, ACCC Analyser empowers you to uncover new insights from the Australian Competition & Consumer Commission's (ACCC) litigation—quickly and easily. Our Legal Analytics suite of innovative solutions supports the data-driven lawyer of the future to help make faster, better informed decisions.

Introducing ACCC Analyser

ACCC Analyser is intelligently structured around 4 core dashboards: Penalties, Representation, Words & Phrases and Most Cited. It is designed to provide a view of judicial outcomes with a combination of legal insights, making your analysis more intuitive and efficient.

Penalties

Quickly uncover all penalty information pertaining to ACCC cases.

Representation

Uncover Representation for applicants and respondents, by solicitors and barristers.

Words & Phrases

Find leading cases by words and phrases judicially considered in ACCC litigation. View judicially considered words and phrases by practice area, legislation and other dynamic filters.

Most Cited

Find the leading cases relevant to your research. View cases by the number of times they have been cited by subsequent judgments.

New insights. Faster. Better.

Surface new or previously hidden insights. Speed up analysis of ACCC litigation, freeing up time to be more productive. Go beyond traditional legal research; summarize crucial data, assess legal outcomes with confidence, educate non-legal colleagues about risks, and so much more.
Penalties

Summarized pecuniary penalties, costs, injunctions and restraints, consumer redress and more

Representation

View details of solicitors and barristers acting for ACCC and non-ACCC parties

Get a graphical view of penalties across ACCC cases to better understand outcomes.

Visualize number of cases by barrister and solicitor appearing for ACCC and non-ACCC parties.

Penalty Analysis
View a precise summary of all penalties and costs associated with ACCC cases. Use the customizable options to further refine and sharpen your analysis.

See a Representation summary for every ACCC case. Isolate cases for a barrister, solicitor or judge, or view as a combination to aid your preparation.

Make your legal research more efficient

Save hours of analysis: ACCC Analyser will dissect thousands of pages of ACCC litigation for you at the click of a button.

Words & Phrases
Quickly isolate words or phrases in their judicially considered context.

Dive into the specifics: pick your word and benefit from our innovative algorithms.

Dynamic filters to get you straight to the information you need
Cut through the noise: benefit from the power of smart technology.

Customisable content display
You can easily customise your case list view to meet your precise needs.

Most Cited
Easily identify key cases across ACCC litigation with just a few clicks.

Built-in interactive visualisations
Key insights at your fingertips—visualisation tools that highlight frequency and treatment of cases.

Seamless integration with CaseBase
Subscribers to CaseBase will experience seamless access from the case list displayed on ACCC Analyser.

Customize the view to include penalties, orders, representation summaries.

It's about letting technology dissect thousands of pages of judgments for you, quickly and easily.
It's about summarizing key insights on Penalties and Representations. It's about assessing legal outcomes in ACCC cases with confidence and making informed decisions. Faster. Better.
This is simply powerful Legal Analytics at play.
