## Introduction

Welcome to the LexisNexis Channel Partner newscast, a regular update on what is happening in the world of LexisNexis' Regulatory Compliance solution.

We will provide our channel partners with advice on what's happening with our existing content offering, any future changes that we're considering, and what we're doing to promote the Regulatory Compliance solution out in the wider world.

The newscast will be sent to our channel partners on a monthly basis, after the channel partner forum, so you can stay up to date with the latest topics under discussion.

## Module Consolidation and Enhancements

Customer interviews are currently underway to gather feedback from the proposed restructuring of some of the Financial Services modules and the Corporations module.

The presentation used in these interviews will be provided in a separate document.

It is expected the go/no go decision will be pushed out due to customers needing to consult a wider stakeholder group and therefore requiring more than 1 session.

# Retail and Sanctions Module Checklist Campaigns

We have 2 Regulatory Compliance modules in market that we are promoting via a checklist campaign. These modules are Retail and Sanctions.

These have been shared with the GRCI, RMIA and social media.

You are welcome to share these checklists to your networks. To access them:
