

The National Association of Insurance Commissioners (NAIC)

NAIC is the organization of all of the insurance regulators from the 50 states, the District of Columbia and the four U.S. territories. The NAIC provides a forum for the development of uniform policy between the states when uniformity is appropriate.

LexisNexis® currently offers NAIC Model Rules and Commissioner Proceedings on its services. **NAIC Model Rules** provide quick access to every NAIC model law, regulation and guideline ever published. **Commissioner Proceedings** is the official, permanent record of all NAIC action, including model laws and regulations, as well as committee and task force minutes and reports.

Annual Statement Instructions

Includes a summary of changes to the instructions for the following year. When used with its companion products, it allows for proper preparation of annual and quarterly statements, including all supplemental information that must also be filed to remain in compliance with NAIC mandates. Instructions provide guidance for completing the various pages of the statements when the line descriptions are not self-explanatory.

Examiners' Handbook

A guide to assist state insurance departments in establishing an effective examination system. It provides an overview of the entire examination process and then offers specific instructions and suggestions for carrying out each individual phase of examination.

Listing of Companies

Provides company code and contact data on more than 5,000 property, life and fraternal insurers, as well as alien insurers and reinsurers included in the NAIC database. It also indicates whether a state has taken regulatory action against a domestic insurer and provides all necessary information for completing the reinsurer-related requirements in Schedule F and Schedule S of the annual and quarterly statements.

NAIC Statistical Handbook of Data Available to Insurance Regulators

The Statistical Handbook of Data Available to Insurance Regulators describes the collection, compilation and reporting of insurance statistical information. The procedures and reports described in this handbook are consistent with the NAIC Model Regulation to Require Reporting of Financial and Statistical Data by Property and Casualty Insurance Companies, the minimum uniform statistical plans and model report formats recommended by the NAIC Statistical Task Force.

State Average Expenditures & Premiums For Personal Auto Insurance

Shows estimated state average expenditures and average premiums per insured vehicle or private passenger automobile insurance, highlighting approximate measures of relative cost for consumers. Divided into several tables, Expenditures & Premiums also shows the separate averages for liability, collision and comprehensive coverage, average expenditure and average premium trends by state, and the underlying data on written premiums and written car-years by state. Contains the latest available five calendar years of data.

Statistical Compilation of Annual Statement Information

The Statistical Compilation provides aggregate annual statement data for property/casualty, life/health insurance companies, all HMOs and companies that write accident and health insurance and file annual statements with the NAIC. Divided into three sections, Annual Statement Financial Data, State and Countrywide Insurance Data, and Selected Data Elements from Company and Combined Statements, the information provided will satisfy a wide range of needs and uses.
