

Press Release &
Media Distribution

Nexis® Newswire

The Right Audience.
Right Where They Are.
Be Unstoppable.

When it comes to reaching the right audience, timing is everything. The vast number of websites out there require media professionals to take a more targeted approach. With Nexis® Newswire, you can access thousands of websites globally as well as vital social channels & IoT (Alexa, Amazon, etc.). Powered by Google, it enables paid media report analytics with an accurate view and clicks reports. Traditional Media, Social Media, and now Paid Media Submit Release – a Multichannel Press Release.

Nexis Newswire helps public relations and communications professionals:

Expand the reach of media campaigns—direct to your audience.

Nexis Newswire allows you to target thousands of media outlets in 26 countries and 15 media industries. Mix and match countries and industries to build your perfect paid media release with premium banner ads to boost your reach. By giving access to thousands of websites in the Google ads network worldwide, you can choose media targeting for maximum ROI and to drive more traffic to your press release or custom URL.

Seamlessly and accurately reach traditional news and global paid media audiences with one multichannel solution.

Nexis Newswire now brings the best of the modern multichannel release with Paid Media Release to target specific Google media with accurate translations of every release into 9 languages to provide unequalled global and multicultural reach. Plus the power of trusted distribution in partnership with Globe Newswire with thousands of media pick-up on major media like Yahoo! Finance, AP News, Business Insider and More.

Target the right audience at the right time.

The Nexis Newswire paid media release provides unparalleled targeting to reach your specific media audiences. Our targeting is powerful and accurate down to the media industry and country. Your release will also be boosted on important social platforms, Meta and LinkedIn. Your target audience awaits.

Rapidly track and report on the success of the media campaign.

Nexis Newswire offers paid media report analytics with accurate views and clicks reports. Reporting is available in 24 hours, with a final report in 10–14 days, allowing you to track opens, not opportunities, to determine and more accurately report on ROI. Traditional distribution reports include reach, views, opens, and exact media placement links.
