A POWERFUL WAY TO CONDUCT ONLINE LEGAL RESEARCH

Nobody ever said a lawyer’s work is easy—which is why it’s critical to use the right legal research tools to help you conduct thorough legal analysis, answer legal questions and increase productivity.

But what tools work best for lawyers? By relying on the massive LexisNexis® digital database of case law, you can use the powerful search engine technology within Lexis Advance to scour primary sources like case law and statutes, plus authoritative secondary sources.

WHAT IS LEXIS ADVANCE?

Put simply, the Lexis Advance service is a creative solution that can enhance your legal research skills by letting you scour a massive online library of case law and other valuable legal content. The Lexis Advance service offers plenty of advantages over the other options available to attorneys and other legal professionals. Think of it like a legal writing and research workflow assistant that you can take anywhere, thanks to the Lexis Advance mobile app.

But its value goes far beyond mere content and portability—here’s why.

USE LEADING-EDGE LEGAL ANALYTICS TECHNOLOGY

Leveraging technologies that once were considered science fiction, LexisNexis is revolutionizing the legal industry. Savvy lawyers are already harnessing the Lexis Analytics™ Suite to research more effectively and gain insight that’s never been seen in a courtroom before.

The Lexis Advance service packs plenty of state-of-the-art legal analytics capabilities. Take the Ravel™ View feature for instance. It helps you spot trends and understand the law better than ever before with intuitive language analytics and visualization tools.
PERFORM FASTER, MORE THOROUGH SEARCHES

Conduct a more powerful search when you incorporate the machine-learning power and intuitive visualization tools within the Lexis Advance service.

Lexis Answers™
Using leading-edge artificial intelligence technology, the Lexis Answers feature within the Lexis Advance service understands your search queries and then anticipates your research path to deliver refined answer sets.

Search Term Maps
Easily scan down your search results page to find exactly what you’re looking for using Search Term Maps. This powerful visualization tool inside the Lexis Advance service uses a straightforward color-coding scheme.

FIND AND USE GOOD LAW

Build your strategy on solid legal footing. Shepard’s® Citations Service, one of the industry’s most trusted legal citators, is built in to the Lexis Advance service—and is exclusively available on Lexis Advance.

Shepard’s® case cards
Get a case’s Shepard’s treatment and most-cited headnotes right on your search results screen.

Shepard’s Signal™ indicators on LexisNexis® Headnotes
Validate points of law faster by seeing the Shepard’s treatment for a specific issue without leaving your full-text case.

HOW TO GET STARTED

If this all sounds good to you, you’ll really like this next part: LexisNexis lets you try the Lexis Advance service before you subscribe so you can see firsthand how it can benefit your work. Click here to learn more.
