The best place to go for revealing insights on the key players in your case

**LexisNexis® Litigation Profile Suite** is a game-changing approach to gathering litigation intelligence. It ensures that you’re building your case on a superior foundation—one built on actionable insight and revealing analytics about the key figures involved in your suit—expert witnesses, judges and opposing counsel.

With LexisNexis Litigation Profile Suite, you can:

- Search trustworthy data on 335,000 expert witnesses, 77 million judges and 90 million attorneys
- Identify trends quickly with graphic snapshots and then jump to deeper analysis in a few clicks
- Challenge opposing counsel’s expert witnesses and thoroughly vet your own
- Strategize based on a judge’s past ruling patterns
- Anticipate opposing counsel’s approach based on litigation tendencies

Plus, it’s easy to share information with custom reports you create in seconds.
Expert Witness Profile
Vet expert witnesses and uncover details that you won’t find on any CV.

The right expert can make or break your case. That’s why LexisNexis Litigation Profile Suite delivers extensive expert intelligence—all backed by our singular collection of expert witness research resources—including:

• Trial and deposition transcripts
• Court docket and case information
• Daubert Tracker Case Reports
• Sanctions and disciplinary actions
• Law journals and reviews
• CVs and licensing
• News articles
• and much more

Easily create custom reports; discredit an opposing expert; make sure your own can withstand the toughest scrutiny; easily create custom reports you can share. Expert witness research has never been faster or more simple.

Search across unmatched expert content in seconds through our single, intuitive search box.

Identify key trends quickly with easy-to-read snapshots that reveal patterns in an expert’s testimonial history—including biases, behaviors and track record.

Get at-a-glance insight into hiring patterns, resolution trends and more using visual analytics, including charts and graphs.

Short on time? Leave the legwork to us with LexisNexis® Expert Research On-Demand

While new enhancements to LexisNexis Litigation Profile Suite make it even faster to research experts, sometimes it’s just easier to have the work done for you. For those occasions, count on experienced research analysts at LexisNexis Expert Research On-Demand. Choose from a wide range of reliable sources including:

• Testimonial history reports
• Challenges-to-exclude-expert searches
• State license discipline searches
• Transcript procurement

Our team will deliver a complete report fast.
Judge Profile
Find out what makes your judge tick.

While the judge plays a key role in the ultimate case outcome, many litigators just can’t make the time to research this pivotal player. Now with LexisNexis Litigation Profile suite, you can surface critical intelligence in seconds.

Armed with a better understanding of a judge’s past rulings or experience in a particular area of law, you can determine how best to proceed with your case strategy. A quick and simple search of comprehensive resources on Litigation Profile Suite can reveal a judge’s:

- Experience with a specific area of law or similar issues
- Prior work history
- Tendencies and ruling style
- Authored works

Get the big picture with a judge’s complete body of work, including verdicts, cases, briefs and more to learn experience, patterns and ruling tendencies.

View graphical snapshots of prior work history—caseload, involvement in particular area of law, motions filed and more.

Gain further actionable insights on expertise and interests by reviewing authored works.

Case-making intelligence powered by Lexis Advance®

Using data-driven analyses gleaned from a broad range of trusted, comprehensive and often exclusive sources from Lexis Advance, LexisNexis Litigation Profile Suite quickly surfaces vital information as well as easy-to-interpret charts and dynamic graphics.

Plus, utilizing the latest Lexis Advance features, you can take your searches to the next level with improved linking to even more key content, increased filtering, a 90-day search history, work folders and the ability to drill down into specific, relevant cases, then easily zoom back out to the big picture.
You often know your opponent by reputation or through your network of peers and colleagues.

However, for the most complete picture, you need to dig deeper. And you need to be able to do it fast. With LexisNexis Litigation Profile Suite, comprehensive, practical information on most any opponent is just a few clicks away.

Whether you’re in negotiations or in the courtroom, an attorney profile provides instant insight on opposing counsel’s prior experience with similar suits, areas of expertise, past verdicts and much more.

**Get a clear picture of opponent’s experience,** appearances before a specific judge and more with revealing charts and graphs.

**Examine past performances and patterns** of behavior that can influence your case strategy—does she settle? Or push for trial?

**Dig deeper and review prior work product**—briefs, pleading, motions and more.
