

Search Court Dockets With Confidence

CourtLink® offers the largest collection of dockets and documents plus powerful alert and search features

It's all here. Court dockets, complaints and other court-filled materials are essential sources of intelligence for litigation and business. The CourtLink service includes:

- **The industry's largest collection of dockets and documents**—210+ million dockets and 63 million documents, with 100,000 dockets added each week*
- **The broadest federal court coverage**, including U.S. Tax Courts, Judicial Panel on Multidistrict Litigation, U.S. Court of Appeals for Veterans Claims and many others*
- **Full-docket coverage from the most state courts** (1,354 state courts online, actively updated) - that's more than Westlaw® (1,350), Bloomberg Law® (793) and PACER (0)*
- **Up to 31 years of civil litigation history** and 100 percent of cases filed at the federal civil level*

Plus CourtLink offers the features you need to pinpoint docket facts and get automatic updates.

CourtLink Alerts

Be the first to know. CourtLink Alerts can **automatically keep watch on newly filed cases** involving parties, judges, attorneys, firms and subject matter of relevance. CourtLink can notify **Litigators** of proceedings or documents being filed—including Daubert motions, motions for summary judgment, appeals involving a specific company or nature of suit and others—without spending valuable time tracking numerous dockets. **General counsel** can get updates to mitigate risk, uncover growth opportunities, supervise outside counsel and conduct due diligence on vendors and business partners.

Set up CourtLink Alerts fast with the intuitive CourtLink search screen. Simply search, review and filter the results, and create a new alert from any refined search. Click and go.

Only CourtLink offers New Event alerts on filings as they go live.* Smoothly integrated CourtLink Alerts with other Lexis Alerts for even more convenience.

CourtLink Tracks

Always be aware of new activity in existing cases. CourtLink keeps tabs on dockets in federal or state court systems and can send word of new events as often as hourly. **Litigators** can monitor parties of interest in similar cases or cases that may affect clients later. **General counsel** can watch cases that affect their businesses and help them supervise outside counsel.

Share email notifications of new developments with confidence. Track emails are always readable in either formatted HTML or text, with the dockets attached.

CourtLink Search

One screen, so much flexibility. Search for dockets by type, courts or nature of suit. CourtLink can search by litigants (plaintiff, defendant or both), attorney, judge and others. Quickly conduct patent docket searches and find specific dockets by docket number.

Refine search results using familiar Lexis post-search filters. Focus on specific parties, practice areas, time frames and much more. Depend on trusted and user-friendly Lexis delivery options including print, email and download.

CourtLink also conveniently retains most-used searches. Search history, documents viewed, downloads are saved automatically in one location for 90 days.

CourtLink Document Retrieval

Easily order federal and state court documents (if not available in full text on CourtLink) to be delivered promptly to your office or through email.

CourtLink Strategic Profiles

Uncover the litigation history of a company or individual, including a judge, attorney or law firm.

Law firms and attorneys maximize CourtLink Strategic Profiles to:

- Inform case strategy with insights about prior litigation activity and outcomes of opposing counsel, litigants and more
- Identify competitors by seeing which firms have represented potential clients in the past
- Find out how often a judge appeals a decision or rules in favor of a defendant

Companies and general counsel use CourtLink Strategic Profiles to assess risk and gain insights that improve business decisions, as well as:

- Research the comprehensive litigation history of a supplier, prospect or competitor
- Discover whether any prospective alliances pose a risk to the company
- Locate key information about suppliers, such as if they have been sued for breach of contract
