MAXIMIZE YOUR EXPERT WITNESS RESEARCH

Is your expert witness bulletproof? Is he or she impeccable ... or impeachable? Find out with Lexis Expert Research On-Demand. Start by talking with one of our experienced research professionals. With the power of authoritative, unrivaled resources on 382K+ expert witnesses, we make it easy for you to find just the right expert or uncover damaging details that you won’t find on a CV.

We focus on your case. Thoroughly vet expert witnesses with the speed and convenience of highly experienced research analysts who quickly conduct, package and deliver the research you need—when you need it.

Researching an expert witness’s testimonial history works both ways. Depose opposing counsel’s expert armed with critical and even unpublished information about their prior casework, biases and behaviors.

In a jurisdiction that limits discovery? Put us to work to identify the opposing experts—see why we have a high success rate in these jurisdictions.

The Lexis Expert Research On-Demand team can also help you find and vet difficult-to-find specialty-area experts to support your litigation needs.

MANAGE YOUR TIME AND BUDGET

Our affordable pricing options let you decide what you want. Get an up-to-date, detailed report leveraging a range of resources—no subscription needed.

See the big picture quickly

We’ll make it easy for you. On your timeline. Take your expert witness research from complexity to clarity with visualization tools—leveraging the full complement of LexisNexis® products—that help you focus on the big picture.

We’ll mine for the rare gems with visual graphs and charts driven by big data. But we don’t have to stop there. We can provide a variety of documents with your report, including full-text transcripts, cases, verdicts, journals and news articles.

*As compared to Westlaw*. Comparison data based on information available as of October 2020.

Customer quotes are from third-party TechValidate® surveys conducted May 2017. TechValidate is a trusted third-party research organization that directly interfaces with business and technology end users to collect and validate information about their deployments. More information is available at techvalidate.com. Every unit of TechValidate content is stamped with a unique nine-digit identifier called a TVID for easy identification and verification.
