Dear Health Law Professional:

As the nation’s largest, nonpartisan, educational nonprofit devoted to legal issues in the health care field, AHLA maintains excellence in health law by providing comprehensive and trusted health law resources that give you the information you need to solve current challenges in this ever-evolving industry.

With a robust community of more than 12,000 members and 25,000 engaged health law professionals, AHLA stands as a cornerstone for practitioners who span the breadth of the health care industry. We extend our sincerest gratitude to all editors, authors, and contributors whose insights enrich the publications featured in this catalog. Your dedication ensures that AHLA remains a vital resource for all who advise health care stakeholders.

This catalog features titles that delve into the complex issues facing the health law industry, providing you with knowledge you need to position yourself as a valued health law advisor. I'm particularly pleased to highlight new editions of several essential resources: *Fundamentals of Health Law*, *Representing Hospitals and Health Systems*, and our *Representing Physicians Handbook*.

Current AHLA members will receive a discount on all AHLA publications at the LexisNexis® Store, as well as AHLA in-person programs, educational webinars, on-demand learning and more. Interested parties can join AHLA at [americanhealthlaw.org/join](http://americanhealthlaw.org/join).

We invite you to browse our portfolio of treatises, published in alliance with LexisNexis® and look forward to serving your educational needs now and into the future.

David S. Cade  
Executive Vice President/Chief Executive Officer  
American Health Law Association

NEW EDITION

Fundamentals of Health Law, Eighth Edition

Kasey Ashford, Carly C. Barnes, Lynn M. Barrett, David A. Bender, William E. Berlin, Bernadette M. Broccolo, Nathan N. Chubb, Hannah M. Clarke, Sandra M. DiVarco, Anjali N.C. Downs, Geoffrey A. Drucker, Sebnem R. Dugmeoglu, Gregory J. Fantin Jr., Michael R. Greer, James F. Hennessy, Daniel J. Hettich, Jason J. Krisza, Michael LaBattaglia, Carol Colborn Loepere, Jacob Madden, Thomas Mayo, Allison Ness, Sumaya M. Noush, Esther Haya Petrikovsky, Ellen L. Pighini, Alek Pivec, Taber M. Rueter, Michael F. Schaff, Susan O. Scheutzow, Daniel J. Schwartz, Daniel F. Shay, Craig H. Smith, John R. Washlick, Authors

The eighth edition of *Fundamentals of Health Law* provides a comprehensive overview of the legal and regulatory landscape in the health care industry. It covers a wide range of topics, from patient autonomy and privacy to fraud and abuse regulations, tax-exempt issues, and antitrust laws. For any health law professional, a fundamental understanding of these key concepts and their far-reaching implications is a prerequisite.

Since publication of the seventh edition, dramatic changes have occurred in terms of the entities that provide health care services, how these services are paid for, and the ways in which they are delivered. This new edition represents the collective work of respected health law practitioners to explain those changes and place them in context so readers may begin to understand the scope and breadth of health law, as well as its everyday mechanics and capacity for future change.

Weil II, Tracy Weir, Barbara Straub Williams, Cynthia F. Wisner, Virginia C. Wright, Jeff Wurzburg, Hilary H. Young, Authors

Effective representation of hospitals and health systems requires familiarity with a broad array of legal concerns at both the federal and state levels. Medicare, Medicaid, balance billing, fraud, medical staff, governance, employment, telehealth, and public health emergencies are just some of the concerns for hospital leadership today.

This completely updated and reorganized second edition of *Representing Hospitals and Health Systems* describes the relevant legal framework, provides insights into legal and operational impacts, and offers techniques for managing them. Experienced practitioners offer their collective insight to ensure that this publication serves as a critical guide for those representing hospitals, health systems, physicians, ancillary care providers, and stakeholders involved in the provision of hospital care.

UPDATED ANNUALLY

## Taxation of Hospitals and Health Care Organizations

THIRD EDITION WITH 2024 SUPPLEMENT AND DOWNLOADABLE CONTENT

Douglas M. Mancino and Ofer Lion, Authors

*Taxation of Hospitals and Health Care Organizations* is both comprehensive and targeted, covering a wide range of tax issues and tax exemption criteria for all types of health care organizations, including hospitals, managed care organizations, medical groups, integrated health care delivery systems, long-term care organizations, and joint ventures. This annually updated treatise addresses only exempt organization-related tax issues that the authors, based on decades of experience, find relevant to health care organizations.

The 2025 release includes updates throughout, with a completely revised chapter on abatement of Chapter 42 excise taxes and sample information document requests.

AHLA is proud to publish this rare and uniquely useful resource for health industry advisors.

## The Complete Medical Staff, Peer Review, and Hearing Guidebook

FIRST EDITION WITH DOWNLOADABLE CONTENT

Christopher A. Adelman, S. Allan Adelman, Mayo B. Alao, Charles Chulack, Joshua Hodges, Maggie Martin, Lauren M. Massucci, Hala Mouzaffar, and Dan Mulholland, Authors

Essential for advisors of both hospitals and medical staff members, this work features discussion of issues commonly faced by attorneys and others working in and around the interdependent relationship of a health care entity and its medical staff. The authors examine this complex relationship from both practical and legal perspectives. From application to separation, this work provides analysis, cautions, recommendations, and examples of provisions for bylaws and associated documents—sample tools that can be tailored to suit the needs of a variety of health care entities.

In its thorough coverage of medical staff and peer review issues, *The Complete Medical Staff, Peer Review, and Hearing Guidebook* addresses trends toward informal resolution, increased integration, growing reliance on allied health professionals, and much more.

Also included in this title are valuable Appendices, which provide important information in a time-saving downloadable format:

- > Keystones of A Peer Review Investigation
- > Sample Fair Hearing and Appellate Review Plan
- > Sample Investigation Report
- > Letter to Practitioner Regarding Adverse Recommendation and Right to Hearing
- > Hearing Officer Checklist
- > Outline for Hearing Committee Report
- > Sample Index for Medical Staff Hearing Exhibit Book
- > Sample Application Materials
- > Letter to Practitioner Regarding Hearing Date and Hearing Rights

Weber, Renee Zerbonia, Authors

Special thanks to Laura E. Koman, Ann T. Hollenbeck, and Todd P. Kelly for reviewing and editing several chapters.

The adoption and enforcement of corporate practice of medicine doctrine (CPOM) varies widely among the 50 states, with certain states adopting various models of the doctrine—some with numerous exceptions—and others eliminating the prohibition completely. Making research more difficult, the doctrine is not always a matter of statutory law, making it necessary to review case law and attorney general or agency opinions. This tangled web makes it enormously difficult to evaluate the law and practice applicable to the ownership of health care providers in different states.

In this third edition, the authors have provided a road map that will allow you to determine which model a state follows and what sources to consult. The publication also includes information, where applicable, for those states that have corporate practice restrictions affecting affiliated health care professionals such as behavioral health providers, dentists, chiropractors, optometrists, and others. Related issues, such as fee splitting and the unlicensed practice of medicine, are also addressed.

SIXTH EDITION COMING SOON    UPDATED ANNUALLY

Legal Issues in Health Care Fraud and Abuse  
FIFTH EDITION WITH ANNUAL CUMULATIVE SUPPLEMENT

Laura F. Laemmle-Weidenfeld, Author

The fifth edition offers broad coverage of the full range of U.S. fraud and abuse prohibitions, with practical application for your work in health care today. Addressing the latest trends in investigation, enforcement, and interpretations of the law, *Legal Issues in Health Care Fraud and Abuse* explains the sweeping changes seen in the health care industry, with over 600 pages of expert analysis and fully referenced real-world examples.

With in-depth coverage of the Anti-Kickback Law, Stark Law, False Claims Act, and more, this book is a necessity for anyone who needs to understand the intricacies of how fraud and abuse laws are structured and enforced in the health care context, providing a foundation for your work in health law, covering:

- > How health care is regulated in the U.S.
- > How fraud and abuse laws are enforced by federal and state entities
- > Practical advice on assessing and addressing risk
- > Guidance on navigating relationships with the agencies and individuals enforcing the law’s prohibitions

The risks relating to fraud and abuse have evolved significantly, for reasons ranging from the proliferation of health care data, to the expansion of the use of technology in health care, to changes in the regulatory scheme and enforcement approach. Cumulative annual supplements keep you current by incorporating new rulemaking, advisory opinions, waivers, settlements, enforcement trends, and more.

NEW EDITION  
Health Care Fraud and Abuse Investigations Handbook  
THIRD EDITION

Crane M. Pomerantz, Author

*Health Care Fraud and Abuse Investigations Handbook* is a true handbook for anyone who needs to quickly and thoroughly understand the complex nature of a government fraud and abuse investigation. This updated and expanded edition provides an overview of the wide range of potential investigations and prepares readers for what to expect and how to respond.

Clear and concise explanations of the law are combined with sample government documents, affidavits, and subpoenas, as well as typical pleadings and memoranda prepared by defense attorneys. Taken

together, the materials in this handbook provide a practical understanding of this complicated and industry-specific area of government and private enforcement.

Included in your purchase: downloadable sample documents drafted by experienced litigators, which you can adapt to your own practice and client needs.

Health Care Fraud Law: A 50 State Survey  
FIRST EDITION

From the AHLA Fraud and Abuse Practice Group

From fee-splitting restrictions to discount and rebate restrictions to anti-kickback statutes—state fraud and abuse laws can have a significant impact on health care operations. Among their many variations, state laws may apply regardless of whether a government payer is involved.

In this first edition, volunteers from the AHLA Fraud and Abuse Practice Group have for the first time published a desk reference containing their longstanding member resource, making it available to the health law community at large.

This book jump-starts readers’ research on how state law is applied with insight into:

- > Statutory language
- > Regulatory provisions
- > Formal and informal guidance from enforcement agencies
- > Judicial interpretations

The *Survey* is an invaluable starting point for attorneys who represent health care providers, organizations, businesses, and investors looking for opportunities in this complex regulatory sector. Use it to advise clients across disciplines and jurisdictions.

EIGHTH EDITION COMING SOON  
The Stark Law: Comprehensive Analysis + Practical Guide  
SEVENTH EDITION WITH 2024 SUPPLEMENT

Charles B. Oppenheim, Benjamin A. Durie, Amy M. Joseph, Authors

The seventh edition of *The Stark Law: Comprehensive Analysis + Practical Guide* is an in-depth critical analysis of Stark Law authority, interpretation, and enforcement. Sharing a wealth of insight, the authors provide an analytic overview, address the legal effect of the regulations and the regulatory process, and analyze the implications of various federal cases and enforcement activity. Throughout the book, the authors include practical resources for advising clients on complying with the current state of the law and regulations, as well as a look at what future direction the law might take.

Recent developments on fundamental issues are addressed, including commercial reasonableness, considering the volume or value of referrals or other business generated, and fair market value. The Seventh Edition includes two new chapters on curing temporary noncompliance and exceptions for value-based arrangements.

Continuing areas of concern are explored in detail. The authors address physician recruitment concerns and the evolution in CMS’s view of the acceptability of percentage-based compensation, the continuing debate over specialty hospitals, and the viability of gainsharing and clinical co-management arrangements. Other coverage includes models for Stark-compliant physician joint ventures, group practices and their applicable exceptions, developments in self-disclosure, and more.

## Health Care Compliance Legal Issues Manual

### FIFTH EDITION

Ann T. Hollenbeck, Karen Lovitch, Lester J. Perling, Cynthia F. Wisner, Editors

Brooke Bennett Aziere, Amy Bailey, Douglas A. Blair, Elizabeth Callahan–Morris, Kyle E. Calvin, Elizabeth Carder–Thompson, Ritu Kaur Cooper, Thomas S. Crane, Gerald “Jud” E. DeLoss, Kyle Y. Faget, Emily Black Grey, Gerald M. Griffith, Nancy Bonifant Halstead, Jake Harper, Kenneth E. Hooper, Gabriel L. Imperato, Kevin Kifer, Ronald H. Levine, Melissa L. Markey, Joseph Metro, Macauley Rybar, Alexandra B. Shalom, Albert W. Shay, Harry R. Silver, E. John Steren, Drew Stevens, Sarah E. Swank, Teresa A. Williams, Amanda M. Wilwert, Howard J. Young, Authors

With more than 20 chapters by esteemed authors and editors writing in their respective areas of expertise, *Health Care Compliance Legal Issues Manual* continues to be the authoritative source for every health care stakeholder, providing strategies for addressing the full scope of legal issues critical to health care compliance. The *Manual*

details how to approach compliance programs, internal investigations, audits, repayments and disclosures, and more, with substantive overviews of the False Claims Act, the Stark and Anti-kickback laws, health information privacy and security, tax, and a wide range of other compliance concerns.

## Enterprise Risk Management for Health Care

### FOURTH EDITION

Co–Published by the American Health Law Association and the American Society for Health Care Risk Management

David Crapo, Sheila Hagg–Rickert, Faisal Khan, Faye Dance Sheppard, Editors

Carolyn Bailey, Carolyn Bergkvist, Susan Boisvert, Cynthia Borelli, Liza R. Brooks, Justin K. Brown, Rebecca F. Cady, Bethany Corbin, Jeffrey F. Driver, Christopher J. “CJ” Frisina, Keevana Glossin, Michelle Hackley, Sheila Hagg–Rickert, Diana Hamer, Anne Huben–Kearney, Susan R. Huntington, Gabriel L. Imperato, Mark A. Kadzielski, Teresa M. Kielhorn, Jason J. Krisza, Deborah Lessard, Melissa L. Markey, William J. McDonough, Caulin McGraw, Ryan D. Meade, Michael J. Morris, John P. Murdoch II, Roseanna Murray, Melinda Oliver, Stephen Pavkovic, Richard S. “Rick” Porter, Montrece Ransom, Alyssa Riggins, Phoebe Roth, Michael F. Schaff, Jenna N. Scott, Faye Dance Sheppard, Brian A. Smith, Nicole A. Strombom, David Vogt, Moira Wertheimer, Brendan E. Williams, Authors

*Enterprise Risk Management for Health Care* provides a framework for managing all manner of risks encountered in health care today. Health care organizations, from physician groups to large complex health systems, struggle to operate in an environment of conflicting regulatory imperatives, shortages of critical staff, changing technology, and evolving business conditions. These challenges make it difficult to effectively identify and manage evolving and emerging risks.

Volunteer editors and authors from both AHLA and the American Society for Health Care Risk Management® (ASHRM) have created a substantive and strategic guide to detecting, analyzing, and pro-actively managing the very risks challenging you and your clients, making this new edition a valuable touchpoint you will turn to again and again. This publication will help facilitate your efforts to involve stakeholders and manage risks across the entire health care enterprise.

## False Claims Act & the Health Care Industry: Counseling & Litigation

### FIFTH EDITION

Robert S. Salcido, Author

The fifth edition of *False Claims Act & the Health Care Industry* is designed to help you assess potential

False Claims Act (FCA) exposure and reform company practices. Robert S. Salcido’s sharp and well-referenced analysis of evolving false claims risks and requirements explains a changing calculus in the wake of *SuperValu*, *Polansky*, and other key interpretations by courts and enforcers. From knowledge to materiality to causation, every aspect of a potential false claim allegation is addressed, with citation to authority out of every federal district.

This edition addresses areas of evolving FCA application, including:

- Defenses that the defendant’s claim is not “false”
- Defenses that the defendant did not “cause” the submission of a false claim
- Defenses that the defendant did not “know” that the claim or statement is false
- Defenses that the defendant’s false claims or statements are not “material”
- The status of actions where the relator repeats public information
- The circumstances under which relators may recover attorneys’ fees
- The prospects for future challenges to the *qui tam* provisions’ constitutionality
- And more

#### TABLE OF CONTENTS

##### PART 1 FALSE CLAIMS ACT HISTORY

- Ch. 1:00 Congressional Goals in Passing and Amending the Statute
- Ch. 1:01 The 1863 Act and Its Immediate Aftermath
- Ch. 1:02 The 1943 Act
- Ch. 1:03 Case Law Developments Before the 1986 Amendments
- Ch. 1:04 The 1986 Act
- Ch. 1:05 The 2009 False Claims Act Amendments
- Ch. 1:06 The 2010 Amendments to the False Claims Act

##### PART 2 APPLICATION OF THE FALSE CLAIMS ACT SUBSTANTIVE PROVISIONS

- Ch. 2:00 Substantive Provisions of the False Claims Act: An Introduction
- Ch. 2:01 The Meaning of “Person” Under the False Claims Act
- Ch. 2:02 The Meaning of “Cause” to Present a False or Fraudulent Claim
- Ch. 2:03 False or Fraudulent under the FCA
- Ch. 2:04 An FCA “Claim,” “Record,” or “Statement” and Presentment under Subsections 3729(a)(1)(A) and (a)(1)(B)
- Ch. 2:05 Knowledge under the False Claims Act
- Ch. 2:06 Materiality
- Ch. 2:07 Conspiracy
- Ch. 2:08 Reverse False Claims

##### PART 3 CIVIL ACTIONS FOR FALSE CLAIMS

- Ch. 3:00 *Qui Tam* Provisions: An Introduction
- Ch. 3:01 Responsibilities of Attorney General—§ 3730(a)
- Ch. 3:02 Actions by Private Parties—§ 3730(b)
- Ch. 3:03 Rights of the Parties in *Qui Tam* Actions—§ 3730(c)
- Ch. 3:04 Award to *Qui Tam* Plaintiff—§ 3730(d)
- Ch. 3:05 Section 3730(e) Bars to *Qui Tam* Actions—§ 3730(e)
- Ch. 3:06 Expenses and Fees for Which the Government is Responsible
- Ch. 3:07 Whistleblower Retaliation Provision—§ 3730(h)
- Ch. 3:08 Discovery in Relator-Only Lawsuits
- Ch. 3:09 Application of Fed. R. Civ. P. 9(b) to the False Claims Act

##### PART 4 DAMAGES AND CIVIL PENALTIES

- Ch. 4:00 The Computation of Damages and Civil Penalties under the FCA: An Introduction
- Ch. 4:01 Pre-1986 Cases Regarding the Scope of Damages under the FCA
- Ch. 4:02 The 1986 Legislative Amendments
- Ch. 4:03 FCA Damages: Principles and Proof
- Ch. 4:04 Practice Areas Raising Damage Issues
- Ch. 4:05 Civil Penalties
- Ch. 4:06 Constitutional Limitations on Civil Penalties

##### PART 5 FALSE CLAIMS ACT PROCEDURE AND JURISDICTION

- Ch. 5:00 Introduction
- Ch. 5:01 False Claims Procedure
- Ch. 5:02 FCA Jurisdiction

##### PART 6 CIVIL INVESTIGATIVE DEMANDS

- Ch. 6:00 CIDs: An Introduction
- Ch. 6:01 CIDs as Administrative Subpoena
- Ch. 6:02 Compliance with the Terms of Section 3733
- Ch. 6:03 Relevance and Undue Burden
- Ch. 6:04 Bad Faith and Abuse of Process
- Ch. 6:05 Responding to the CID

##### PART 7 THE VOLUNTARY DISCLOSURE PROGRAM

- Ch. 7:00 Submitting a Voluntary Disclosure: An Introduction
- Ch. 7:01 The Operation of the Inspector General’s Voluntary Disclosure Program
- Ch. 7:02 The Benefits and Risks Associated with Voluntary Disclosures
- Ch. 7:03 Settling the Matter

Health Information Privacy & Breach:  
A 50 State Survey

FIRST EDITION

Carol L. Eoannou, Managing Editor  
Foreword by Jonathan M. Joseph

With the vast expansion of telehealth, it has become routine for providers, patients, and health care data to virtually cross state lines. AHLA has done a deep dive into the laws of privacy and data breach in all 50 states and the District of Columbia to develop this indispensable title. Each state’s survey consists of a detailed and well-organized analysis of the jurisdiction’s regulatory framework.

This resource is designed to assist health care industry stakeholders and advisors meet their obligations under state law regarding the digital information created, maintained, and exchanged for the benefit of patients and consumers. Whether responding to a possible data breach or drafting policies related to health record privacy and security, this invaluable publication will facilitate compliance with the highly variable laws regulating this digital data.

THIRD EDITION COMING SOON

Telehealth Law Handbook

SECOND EDITION WITH DOWNLOADABLE CONTENT

Jennifer R. Breuer, Editor  
Kyle Y. Faget, Andrea L. Frey, Jennifer A. Hansen, Elinor A. Hiller, Melania Jankowski, Amy M. Joseph, Amy F. Lerman, Joseph P. McMenamin, Kerry K. Sakimoto, Jeremy D. Sherer, Melissa Sobel Snyder, Sean T. Sullivan, Christine Burke Worthen, Authors

The COVID-19 pandemic ushered in not only an extraordinary need for health care providers to build telehealth capabilities, but also extraordinary regulatory flexibility, as federal and state authorities enacted emergency exceptions and permanent changes to longstanding requirements that had previously posed challenges to the adoption of telehealth. In this changed environment, the American Health Law Association is pleased to bring

you the expanded second edition of *Telehealth Law Handbook*.

Maintaining their concise and practical approach to the subject, the authors explain and assess the current state of the law, highlighting risks and opportunities for readers to consider today and into the future.

Health Care Contracts: A Clause–By–Clause Guide  
to Drafting and Negotiation

SECOND EDITION WITH DOWNLOADABLE CONTENT

Dorthula Powell–Woodson, Editor  
Elise Barajas, Claire Bass, Jenna Brofsky, Matthew M. Brohm, Sarah Browning, Stacey L. Callaghan, Alisa Chestler, Matthew Cin, Cynthia M. Conner, Ritu Kaur Cooper, Andrew Droke, Geoff Drucker, Alexander B. Foster, Sarah Hogan, Jennifer Csik Hutchens, David E. Kopans, Allison Minicky, Ashley Ogedegbe, Megan C. Phillips, Cynthia Y. Reisz, Scott Robertson, Angelique Salib, Susan O. Scheutzow, Bryna Shmerling, Jennifer R. Shoup, Thomas D. Spellman, Cori Casey Turner, Adam C. Varley, Authors

The second edition of *Health Care Contracts: A Clause-By-Clause Guide to Drafting and Negotiation* provides the framework needed to translate and synthesize highly structured regulations into well-developed and legally defensible contractual language. With coverage of non-competes, insurance, interoperability, and negotiating strategies, this extensively revised and updated edition is designed to be accessible and immediately valuable.

For lawyers and others new to health care contracting, this clause-by-clause contract guide provides a foundation on which to build sound health care contracts, together with time-saving downloadable sample contract language. For seasoned lawyers, this updated and expanded edition provides a refresher on sound drafting practices and includes evolving strategic insights that can aid in polishing and perfecting existing practices.

Health Plans Contracting Handbook: A Guide for Payers and Providers

EIGHTH EDITION WITH DOWNLOADABLE CONTENT

Robin J. Fisk, Editor in Chief  
Christina DeGraff–Murphy, Gregory R. Mitchell, Editors  
Gerald “Jerry” L. Aben, Matthew Amodeo, Adam C. Aseron, Brooke Bennett Aziere, John C.J. Barnes, James W. Boswell, Aimee DeFilippo, Lisa G. Han, Andrew C. Helman, John M. Kirsner, David E. Kopans, Mark S. Kopson, Kathrin E. Kudner, Jacqueline B. Penrod, Christian Puff, Michael F. Schaff, Debra Silverman, Andrew Stein, Leah B. Stewart, Adam C. Varley, Amanda M. Wilwert, Authors

This classic work provides unparalleled practical coverage of the themes and trends in managed care contracting. It is filled with concise and detailed advice for addressing the issues that arise for both payers and providers in managed care network relationships.

The eighth edition traces the managed care contracting process, from preparing to negotiate the contract, to formation and implementation, to termination issues. With contributions from more than 20 authors, the book includes nearly 300 sample clauses, many from the authors’ own files. The clauses provide variations in language to illustrate potential advantage to the respective parties, as well as factors to consider when negotiating in today’s dynamic legal and business context.

Vaccine, Vaccination, and Immunization Law

THIRD EDITION

Brian Dean Abramson, Author  
with James M. Beck, Sonali Gunawardhana, Denise M. Hill, Dorit Rubenstein Reiss, Ana Santos Rutschman, Peter O. Safir, and John R. Thomas

This complete work is a one-stop source for understanding vaccine and vaccination law from every angle. Coverage includes:

- > Limitations on employers’ ability to require employees to receive vaccinations
- > Constitutional, common law, and statutory frameworks for individual objections to vaccine mandates

- > Rationing vaccines in the event of a shortage
- > Privacy considerations surrounding individuals’ vaccination status
- > State and municipal requirements regarding vaccines for certain classes of persons
- > State regulation of physicians, pharmacists, and others who prescribe and administer vaccines
- > Compensation and potential liability relating to vaccine injury claims
- > Protocols for responding to an epidemic, pandemic, or bioterror attack using an infectious disease

Also included: state-by-state coverage of vaccination requirements for both health care workers and patients.

TABLE OF CONTENTS

Ch. 1 Introduction to Vaccine Law	Ch. 10 Employer Mandates and Other Private Vaccination Efforts
Ch. 2 Vaccine Development and Clinical Trials	Ch. 11 U.S. State Vaccine Laws
Ch. 3 Regulation of Vaccines	Ch. 12 Vaccine Adverse Event Reporting and Other Reporting Requirements

Federal Health Care Discrimination Law

SECOND EDITION

David Didier Johnson, Author  
*Federal Health Care Discrimination Law* is intended to help health care providers and plans understand the laws that address discrimination in health care services and coverage.

Interpretations of even longstanding laws are continually shifting, requiring health care providers, insurers, and the professionals who advise them to take frequent stock of what it is required to comply with federal anti-discrimination authorities. Prepare your organization for changes to health care operations; the terms, conditions, and administration of coverage; plan and provider communications with enrollees and patients; and hospital administration and rules of conduct.

Market Access, Pricing, and Reimbursement of Drugs and Devices: Legal Principles and Practice

FIRST EDITION

Rujul H. Desai, Stefanie A. Doeblar, Kristie C. Gurley, Anna D. Kraus, Editors and Authors  
Shruti C. Barker, Beth Braiterman, Elizabeth Brim, Tara Carrier, Andrew B. Do, Matthew F. Dunn, Daniel Grant, Alexander B. Hastings, Claire Jacob, Mingham Ji, Sanchi Khare, Caitlin E. Koury, Michael S. Labson, Cassandra Maldonado, Krysten Rosen Moller, Raymond Ngu, Jennifer Plitsch, Molly Ramsden, Kendra Roberson, Tiffany P. Rodriguez, Sarah M. Schuler, Chelsea Segal, Olivia Vega, Allison Whelan, Authors

*Market Access, Pricing, and Reimbursement of Drugs & Devices* provides a uniquely extensive examination of the legal and business considerations relating to drug and device manufacturing and distribution, including market access, pricing, reimbursement, and promotion.

Each chapter serves both early career and experienced practitioners, providing a strong foundation for understanding medical product market access, as well as advanced topics for readers who have been practicing in the pharmaceutical and device industry for many years.

Written through a lens of advising life sciences companies engaging in market access activities, this treatise will prove useful to stakeholders across the medical product supply chain, including manufacturers, distributors, payers, health care providers, government regulators, and numerous additional entities that facilitate access to and distribution of medical products.
