Alcohol, Drug and Motor Vehicle Violations

Defense of Drunk Driving Cases: Criminal—Civil

Richard E. Erwin, Dr. Leon Greenberg, Herbert M. Goldstein, Arne K. Bergh; Practice Guide by Richard J. Essen; scientific chapter revisions by Harvey M. Cohen

Take advantage of comprehensive coverage of the legal and technical issues that arise in a drunk driving case. You'll find up-to-date guidance on relevant statutes, case law and forensic science. This guide details pretrial discovery, defenses and trial tactics. It also features extensive background information on the substance of chemical test evidence including physiology, pharmacology and analytical techniques. All aspects of drunk driving defense are addressed, including:

- Per se laws
- Constitutional objections
- Field sobriety testing
- Implied-consent legislation
- Admissibility of chemical test results and other evidence

Includes a practice guide with step-by-step description of how to handle a drunk driving case from the initial client contact through appeal, including sample cross-examination, illustrative testimony and sample forms and motions; and also provides clear, nontechnical explanations of the scientific and mathematical foundations of chemical testing. In addition, it covers pathological conditions whose symptoms sometimes resemble intoxication, leading to improper arrests and false-positive test results.

Military Criminal Justice

Military Court Rules of the United States: Procedure, Citation, Professional Responsibility, Civility, and Judicial Conduct, 3rd Edition

Eugene Fidell, Editor

Military Court Rules differ from service to service, resulting in a group of rules pyramids, each with the Constitution at its apex, but of differing heights and widths below. For every practitioner in the military justice system, the National Institute of Military Justice has compiled a broad array of the military justice system's court rules into this single volume. The volume supplements the rules themselves with brief essays by some of the most provocative thinkers in their respective areas of expertise. The result is not merely a collection of the existing military court rules—a worthy achievement in itself—but an expansion of our knowledge and understanding of those rules.

White Collar Crime

Business Crime: Criminal Liability of the Business Community

Stanley S. Arkin, lead author; with Earl C. Dudley Jr., Michael Eisenstein, Jed S. Rakoff, Donald M. Re, John S. Siffert

Provides how-to guidance for setting up compliance programs to prevent corporate liability; effectively conducting internal corporate investigations, and parallel administrative, civil, and criminal proceedings. Includes:

- Discussions of substantive criminal law
- Tactical and case-law information for grand jury representation or monitoring criminal counsel
- Forms for every area and stage of business crime practice
- The bimonthly reporter Business Crime Commentary

With increased fraud potential, there have been numerous case decisions that impact the liability of the business community. Discussion includes summaries of dozens of recent court decisions added to the relevant textual discussions throughout the publication.
