SIGNING IN TO ACCURINT FOR LEGAL PROFESSIONALS

One of the major changes in the new interface is a streamlined workflow to help you search and find what you're looking for quicker. While you will continue to sign in at Accurint.com with the same ID, rather than land on a Main Menu that requires additional clicks to get where you're going, you'll now be taken directly to the Advanced Person Search, our most frequently used search.

THE CURRENT INTERFACE

Currently when you sign in, you are taken to a Main Menu where you make a search selection.

Then, you select a Permissible Use, if regulated, prior to being able to start a search.

THE NEW INTERFACE

We've streamlined the sign-in process to first go through the Permissible Use selection, and then take you to your most likely starting point, the Advanced Person Search.

NEED A SEARCH FORM OTHER THAN ADVANCED PERSON SEARCH?

A

Hover over the icons at the left for the most utilized search form options.

Click on the Main Menu to see all search options.

Use the My Accurint feature to personalize your favorite searches, and then simply hover over the My Accurint icon to return to those frequently used search forms.

USING THE ADVANCED PERSON SEARCH FORM

As our most frequently used search form, we have redesigned the Advanced Person Search form to make it more intuitive and flexible so you can make more decisions up front and save yourself time later in the search process.

THE CURRENT INTERFACE

- A New search options have been added: **Include name variations** and **Driver License #**.
- **B** Coverage and Help? are now located above the red Search button.
 - **Reference** is now conveniently available on the right, just below the search button.
- D There is a new option for Additional Subject Information Fields, which includes the new Search option of Driver License # as well as old favorites like Age Range, County, Other Last Name, Other City/State and Relatives.

NAVIGATING THE ADVANCED PERSON RESULTS LIST

The results list has been revamped to offer a cleaner look and feel so you can find the information you're looking for and dig deeper faster with new options available right from the results list.

THE CURRENT INTERFACE

- A **Print** is now an easy option to find.
- B A new Map icon has been added. Click the teardrop to see the address on a Google™ map.
- C Additional suggested searches are displayed so you can get results faster.
- D Find additional information in the gray box on the right, including Further Research (previously Next Steps), Reports for this Record, See report type examples and Alerts for this Record.
- **E** Want to track a person? **Setup Alert** will notify you if anything has been added or updated.

Please note: All of your existing alerts will be transitioned automatically to the new interface.

SELECTING A RESULT AND FINDING FURTHER RESEARCH

In order to keep the new results list clean and uncluttered so you can focus on what matters most, the way you find additional research as you scroll down the page is being changed.
