

Get local with LexisNexis® State Net®

Find, track and manage critical city and county ordinances

A local ordinance or rule from even a small city or town could have a dramatic impact on your clients or organization. But keeping tabs on the happenings in city halls and county governments is nearly impossible; even if you *find* the right website, finding the actual proposals and laws can be tortuous.

Not anymore. State Net® now provides the resources and tools you need to monitor and manage city and county activity to help you confidently assess the impact to your organization, influence proposed matters, prepare for upcoming changes and deliver meaningful information to your stakeholders.

How you benefit

- Powerful search tools help you find what you need, when you need it.
- Sophisticated programming locates city and county activities, so you no longer have to search cumbersome local websites.
- Intuitive management tools help you track and manage local ordinances and rules.
- Customizable reports help you share intelligence with colleagues and stakeholders.

SEARCH WITH SPEED AND RELIABILITY

The State Net proprietary search tools and dedicated client service team strive to deliver only the intelligence you need, based on your specific issue parameters.

- **Targeted content:** we gather only ordinances and rules that impact organizations like yours, helping you save significant time and effort.
 - **Term searching:** keyword searching shows highlighted text on ordinance descriptions.
 - **Topic searching:** easily browse and search 1,200+ topics to find the ordinances you need to monitor.
 - **Stored documents:** unlike other services, any document associated with a local ordinance is stored on our platform.
-

MANAGE LOCAL ACTIVITY WITH EFFICIENCY

Store, analyze, segment and report on relevant ordinances in a way that suits your needs.

- **Headings and tags:** categorize by issues, position or priority.
 - **Commentary:** multiple users can store their own notes for tracked ordinances.
 - **Attachments:** add news clippings and other documents to ordinances you are tracking.
 - **Daily alerting:** receive notifications on new ordinances or developments related to your tracked measures.
-

SHARE INFORMATION WITH MEANINGFUL, CUSTOMIZABLE REPORTS

The State Net service provides many custom reporting options, so you can share local activity with your internal and external stakeholders.

- Generate tracked reports by tag, jurisdiction or file date.
- Email results with links to related documents.
- XML data feeds provide end-to-end automation of all activities across your organization's teams and applications.
