

# Lexis+™ Resources for Patent Law

Lexis+ provides students and practitioners exclusive access to leading practice area resources, such as Matthew Bender® treatises and Practice Centers. Click on the links below to tap into the highly regarded and heavily accessed legal and news sources for your practice area needs.

[Chisum on Patents](#)—Chisum on Patents is recognized as the authority on U.S. patent law, being frequently cited by courts in all jurisdictions, the Court of Appeals for the Federal Circuit and the U.S. Supreme Court.

[Horwitz on Patent Litigation](#) —This treatise discusses all stages of patent litigation, contains sample jury issues checklist and litigation forms. The publication offers tactical strategies for infringement suits and provides checklists of black letter law for claim construction, infringement, validity, doctrine of equivalents and prosecution history estoppel.

[Patent Law Digest](#)—The Patent Law Digest summarizes and categorizes the more than 2,000 precedential, patent-related decisions of the United States Court of Appeals for the Federal Circuit and the United States Supreme Court.

## [The Bulletproof Patent: A Practical Guide to Drafting & Obtaining an Enforceable Patent](#)

—The authors- who together have a combined 30 years as patent practitioners. The authors define a “bulletproof” patent as one that does not require litigation because it is written understandably, is clear in scope and is cleanly prosecuted. The guide is designed to be readable, practical and useful.

[Patent Office Rules and Practice](#) —This is a cornerstone treatise with detailed rule-by-rule analysis of the Patent and Trademark Office Rules of Practice. Included is the text of the rules contained in Title 37 of the Code of Federal Regulations, interpretations of their meanings and explanations of their effect on practice, with citations to relevant case law. Also included are more than 350 practice-proven blank forms that can be filled out and filed with the PTO. Each form includes a checklist of what must be done to submit an application.

[Baxter, World Patent Law & Practice](#) —This treatise describes the complete patent process, from filing to grant, for all industrialized nations. It covers all post-acceptance events and discusses patent terms, renewal fees, infringement, and licensing for all nations and regional patent systems. It also details patent conventions and covers new legislation as enacted.
