# INTERNATIONAL SNAPSHOT SEARCH FOR LEGISLATION FROM QUICK FIND POD

Similar to International Cases Snapshot, there is now an International Legislation Snapshot search on the LA homepage.

This has search filter options of:

- LawNow Legislation
- AU Annotated Legislation
- International Snapshot View

The screenshot shows a search interface titled "Quick Find" with a search icon and a dropdown arrow. Below the title is a navigation bar with four tabs: "Cases", "Legislation" (highlighted in red), "Secondary Materials", and "Defined Terms". Under the "Legislation" tab, there are two input fields: "Legislation Title" and "Provision Number". Below these fields is a "Start in:" section with three radio button options: "LawNow Legislation", "AU Annotated Legislation" (selected with a blue dot), and "International Snapshot View". At the bottom, there is an "Advanced Search:" section with links for "Legislation" and "Secondary Materials". A blue "Search" button is located in the bottom right corner.
